

Dungavel IMB 2024 - Action Plan

Ref	Recommendation	Accepted / Partially Accepted / Not Accepted	Comments	Progress Ongoing or completed
TO THE DIRECTOR/CENTRE MANAGER				
1	As has been mentioned in previous reports, accessibility to roofs is an ongoing issue and the installation of preventative measures to ensure that roofs are not accessible to detained persons was commenced during the year.	N/A	Recommendation already completed. Additional work was completed in July 24 to install zonal fencing, which helps minimise accessibility to rooftops. In order to prevent roof accessibility by residents, additional work was completed in January 2025 to install flexible security toppings.	Completed
2	Planning permission for the extension to the car park was obtained in May 2024 and work on this project should be put in hand during the year ahead	Accepted	Due to the increase in operational capacity of the centre Mitie have developed plans to convert the old vehicle base, located in the current car park, into a visitor centre to help improve the current visitor process. The new car park construction work is in progress with aimed completion by the end of October 2025.	Ongoing
