

Action Plan in response to the PPO Report into the death of Mr Alex John on 13/01/2020 at HMP Pentonville

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that long-term conditions, such as diabetes, are managed in line with national guidance.	Accepted	The medical lead oversees the Quality and Outcomes Framework (QOF) to monitor our activity in long term conditions; patients requiring further investigations will be booked patients for GP appointments where necessary.	Medical Lead	Complete
			In addition the medical lead has introduced 'Learning @Lunch' sessions every week in HMP Pentonville and will develop a long term condition training programme for all clinical staff within these sessions.	Medical Lead	October 2022
			As part of the new models of care funding which has been agreed with NHSE, HMP Pentonville will be employing a practice nurse and long term condition nurse, who will oversee patients with long term conditions.	Head of Healthcare	December 2022
			Practice Plus Group Healthcare in London are currently involved in a DESMOND pilot and plan to train two clinical staff within the Early Days in Custody Pathway to initiate this training to all	Head of Healthcare	December 2022

			diabetic patients within their first 14 days of arriving in prison. This will educate patients and encourage them to self-manage their diabetes.
