

# Action Plan in response to the PPO Report into the death of Mr John Rigby 17 December 2023 at HMP Wymott

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that prisoners with ongoing treatment needs are identified and referred back into relevant specialist services to ensure that continuity of healthcare is maintained.	Accepted	A question will be added to the reception screen to ask the patients if they have any outstanding appointments	Systmone Lead, GMMH	30/06/24
2	The Head of Healthcare should ensure that unregistered healthcare staff appropriately escalate changes in a prisoner's weight to registered healthcare staff.	Accepted	A reminder email will be sent to all unregistered staff to ensure that they escalate any changes in weight to a registered nurse or doctor for their clinical view.	Head of Healthcare, GMMH	30/06/24
3	The Head of Healthcare should investigate why the reason for Mr Rigby's GP appointment on 1 December 2023 was not included on the appointment ledger and take appropriate action.	Accepted	Investigation to be undertaken to review the incident and potential learning	Practice Manager, GMMH	30/06/24
4	The Head of Healthcare should ensure that prisoners with complex care needs are added to the multi-disciplinary team caseload.	Accepted	A long term condition register is currently in place to manage complex patients. An MDT is arranged when a patient's needs have deteriorated, and a team meeting is required to gain consensus on next steps. However, it is	LTC Lead, GMMH	31/07/24

			important that there should be a process for patients on the long term condition register to have an MDT review as a way of preventing further deterioration. Additional guidance on the planning of MDT meetings to be added to the SOP for long term condition management.
