

Action Plan in response to the PPO Report into the death of Mr David Evans on 26 July 2024 at HMP Fosse Way

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare should ensure that Advanced Care Planning is completed at an early stage for those patients diagnosed with terminal and incurable cancer.	Accepted	All patients with terminal diagnosis are discussed weekly in Primary Care team, those with Substance Misuse and Mental Health needs are discussed weekly in MDT. Those with a palliative care diagnosis will have a named nurse, who will complete 'Palliative and End of Life toolkit'. Named nurse will engage with NOK, consider cuffing arrangements, and liaise with security and explore routes of release via Offender Management Unit.	Head of Healthcare Nottinghamshire Healthcare NHS Foundation Trust	Complete
2	The Director should ensure that all staff undertaking risk assessments for prisoners taken to hospital understand the legal position on the use of restraints, that authorising managers show on the risk assessment that they have taken this information into account when assessing a prisoner's current level of risk, and that risk assessments are regularly reviewed when a prisoner remains in hospital as an inpatient.	Accepted	Risk assessments are completed for planned escorts to hospital based on the individual's risk of escape, risk to the public and their health and mobility at the time. Risk assessments are completed with input from healthcare colleagues on clinical matters. Management checks conducted for bed watches will ensure that when circumstances change, the level of risk is reviewed, decisions are documented, and cuffing arrangements reflect this.	Prison Director	Complete
