

Action Plan in response to the PPO Report into the death of Mr Melvin Grant on 21 November 2023 at HMP Bedford

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	<p>The Head of Healthcare should review:</p> <ul style="list-style-type: none"> the training arrangements in place to support effective delivery of resuscitation; and the capability of the healthcare workforce as this relates to emergency response. 	Accepted	All Nurses working within healthcare need to be compliant with Immediate Life Support training. Training to be monitored and staff allowed time to complete training. April compliance 94.44% Review of individual staff capability, reviewed patient contact footage and appropriate disciplinary action taken to address poor response and mitigate any further risk of the event happening again. HR Investigation is ongoing.	Head of Healthcare Essex Partnership University Trust	<p>Completed</p> <p>Completed locally controlled element of action</p>
2	The Head of Healthcare should review the arrangements in place for carrying out assessments of mental health needs to ensure that these are consistent with NICE guidelines.	Accepted	Review taken place and guidance produced to inform all clinical staff of the process for referral to mental health in line with NG66	Head of Healthcare Essex Partnership University Trust	Completed
3	The Governor should carry out an audit to identify whether ACCT supervisor checks are being completed and address any failings.	Accepted	An examination of ACCT procedures has been carried out and areas of improvement have been identified and addressed.	Head of Safety, HMPPS	August 2024

			<p>ACCT/CSIP (care support intervention plan) floorwalkers have been introduced to identify areas of increased risk and to conduct quality assurance checks. The Safety Team will also conduct weekly quality assurance checks. Where these checks identify any concerns, including supervisor checks not being completed, they are addressed with the individual</p> <p>A weekly safety performance meeting has been introduced to review ACCT assurance and identify trends. This information is shared with supervisors and management grades via daily briefings.</p>
