

Action Plan in response to the PPO Report into the death of Mr Rana Khan on 5 April 2024 at HMP Wandsworth

Rec No	Recommendation	Accepted / Not accepted	Response Action Taken / Planned	Responsible Owner and Organisation	Target Date
1	The Head of Healthcare, the lead GP and the senior pharmacist should review the glyceryl trinitrate and aspirin PGDs to ensure that staff are able to use these emergency medications in all situations where they are indicated, and ensure that the inclusion criteria takes account of the additional presentation of a cardiac event without pain in diabetic patients.	Accepted	The PGDs and inclusion criteria will be reviewed.	Head of Health Care, Oxleas NHS Foundation Trust	December 2024
2	The Head of Healthcare and the lead GP should identify if there is a need for additional guidance and training for staff to support them to escalate the requirement for senior staff to support rapid assessment of undifferentiated sudden illness.	Accepted	The emergency response policy will be reviewed and will include additional guidance and the training/ induction program will be reviewed and will include an emphasis on the requirement for senior staff to support the rapid assessment of undifferentiated sudden illness.	Head of Health Care, Oxleas NHS Foundation Trust	December 2024
3	The Head of Healthcare and the lead GP should issue guidance on the management of suspected acute cardiac events which makes clear the schedule of prioritisation of	Accepted	The ACS pathway will be recirculated to all staff and additional training for the management of suspected acute cardiac events is planned to be included in the ongoing training agenda.	Head of Health Care, Oxleas NHS Foundation Trust	November 2024

	emergency treatment and transfer of patients to appropriate emergency care.				
4	The Head of Healthcare, lead GP and lead pharmacist should review the 'homely remedies' protocol to ensure that it makes reference to checking a prisoner's prescribed medication to ensure no contraindications before the provision of a 'homely remedy'.	Accepted	The homely remedies protocol will be reviewed to ensure that reference to checking a prisoners prescribed medication is included and appropriate guidance will be shared with all staff administering medication.	Head of Health Care, Oxleas NHS Foundation Trust	December 2024
