Subject Heading Vulnerability

CONTENT OF REPORT

D1275 appears not to be in a positive mental state and seems to be vulnerable and I believe has been taken advantage of on C wing. I believe that people are using him as a kind of 'guinea pig' to try out drugs as I have seen him socialise with detainees known to be active drug use dealers. Also at one point he was cleaning the tables downstairs and he isn't a cleaner so having questioned his roommate about this his roommate says that there are detainees getting him to do the cleaning while they get paid and in return giving him biscuits and other food items. He has heard this from his roommate. Have also seen people taking his cutlery and plates whilst at the food queue and him not saying anything. **D1275** has been seen used by as a messenger by several detainees not on this wing where they have treated him in an abusive manner often clutching him by the neck and forcing him to go back and forth with messages and was seen by another officer being asked to get a phone and demanding for this phone for another detainee. We don't feel that he is aware of some of the decisions that he makes and he does get along with the Iranians in room C019 and his roommate does try to look out for him but we do think he could possibly be taken advantage of.

THIS CONCLUDES MY REPORT
