Sivaguru Premachandra (S1PREMACHAN DRA)	29-Jul-2017	<p>PTC; The removal was aborted due to the following reasons:</p> <p>Plane was delayed and landed at 16:40. Escorts boarded flight with subject in WRB and cuffs at 17:20. For the next hour whilst the plane was getting ready to push back, the subject started screaming, became verbally abusive and physically violent whilst still in restraints. Sufficient force was used whilst trying to restrain and calm even though subject attempted to head butt the escorts. The station manager eventually decided to refuse the escorts to fly with the subject.</p>
