1217 who is [D343] roommate is on this wing. And they were here for about two years. He was
1218 always in the same room as [D687] told [D343] that I had personally restrained him. And then,
1219 [D343] yesterday, in the morning, was like, 'You – you've seen [inaudible]. You've seen
1220 [inaudible].' And then, he'd come to the Activities Office last night. And they were like

1222 **Male Staff 2:** Really?1223 **John Connolly:** Did you speak with [D343]?1224 **Callum Tulley:** Yeah, I did. That's what I said to [D343]. I said, 'Yeah, I did what had to be
1225 done.'1226 **John Connolly:** Yeah. It was professional, nothing – nothing personal.

1227 **Callum Tulley:** I said, 'It had to be done, mate.' And he was, I think, on his own, [D343] was
1228 like 'Yeah, fair enough, guv. You've got to do what you've got to do.' And then, he brings all
1229 his boys to the office later on.

1466 **Callum Tulley:** Yeah. Cool. I don't need to prep. I don't necessary – what I'm just saying
1467 is, is I'm not expected, if he's compliant, to put hands on him. I'm expected to allow him to
1468 have his head up.

1469 **John Connolly:** Yeah, yeah.

1470 **Male Staff 2:** Yeah.

1471 **Callum Tulley:** Try and deescalate it?

1472 **Male Staff 2:** Yeah.

1473 **Callum Tulley:** But always figure of four [inaudible]? Cool.

1474 **John Connolly:** Just say listen here nigger. Listen to me. [Laughter from one of the other
1475 officers]. Do what you are told, nigger.

1486 **John Connolly:** [Inaudible] it goes very well.

1487 **Male Staff 3:** Probably am. But probably they'll – you know, they'll try to corner him off in
1488 [inaudible]. Yeah. If you ever go, just grab a kit bag before you go.

1489 **Callum Tulley:** Shield?

1490 **John Connolly:** Put them along the shield.

1491 **Callum Tulley:** Cheers, mate. Dream team.

1865 the same position.
1866 **Male Staff 1:** Yeah.
1867 **John Connolly:** Yeah, just take him round the road. CSU. Into CSU. In fact, you keep my
1868 keys now, for the time being, in your pocket.
