Details	feeling sad, down, tried to hang himself at Brook. Didn't lock toilet properly. Hand cuffed, 6 or 7 officers jumped on him. Taken to the verne. Feels like being neglected, forgotten about, entire world doesn't know whats going on, community forgotten, noone knows, noone can see, has appointment with mental health nurse. Supposed to get anti depressants from doctor, but moved to the verne on Saturday, doing head in. Never been through anything like this. Scary not knowsing what is happening, scary not knowing where will be next month. Goal posts been moved but problem still there. Will call for a chat Thursday 2pm

Details	Dear [REDACTED] [GDWG] We will try to get him a visitor as soon as possible. Currently have a waiting list of 6 (inc him) but will try to prioritise him. Have you got his NOMS, just to speed things up? Best wishes [REDACTED] [Verne Visitors Group]

Details	Hi [REDACTED] [GDWG staff], Thank you for that. I have just called D687 and managed to finally come through; the reception at the Verne is terrible. Anyway I was hoping to get more information about the case only because we had a training on unlawful detention by a lawyer from Deighton Pierce and Glynn and they are keen for us to refer cases where we believe someone is detained unlawfully or/and is particularly vulnerable as I believe D687 is. He gave me permission to speak to solicitors on his behalf so I will send them an email now. I will keep you posted. Thank you and best wishes, [REDACTED] [Verne Visitors group]
