Dear Thomas,

RE: **D1234**, **DPA**
DPA

Nationality: Nigerian; DOB: **DPA** Home Office: R320326

I am writing to you concerning my above named constituent who sent me a copy of a letter he sent to UK Visas and Immigration (UKVI) and which I received on 12th May 2017 regarding his immigration affairs. Please find enclosed a copy of this letter.

I previously received a response from UK Visas and Immigration on 25th April 2017 to my enquiries on **D1234**'s behalf who was detained at The Verne IRC. Since then, my constituent has detailed concerning events which took place on 28th March 2017 at Brook IRC where he was previously detained.

I would be grateful if you would let me know whether **D1234**'s letter has been responded to, and if so please send me a copy of UKVI's response.

Thank you for your assistance. I look forward to hearing from you soon.

Yours sincerely,

STATEMENT OF TRUTH BY D1234

I make this statement of truth as per events that happened to me on the 28th of March 2017 at Brook House IRC.

On this day, eight officers came into my cell and 2 of them held my head and turned it violently in their attempt to turn me around. I felt a crack in my neck and I informed them, but they took no notice. They pushed me and I hit my head on the floor. Then I was grabbed and jostled.

Another one of them held my throat and one of them stamped on my toes violently. I felt as if life was coming out of me, I was in extreme pain and I asked them to stop. They refused and ignored me.

I was handcuffed on both wrists with the cuffs biting into my wrists again I screamed that I was in pain but I was ignored. I was grabbed on the legs and my legs were pushed upwards from the feet. I again screamed because my knees were extremely painful.

Both of my legs were tied and my stomach lump which was to be operated on had a strap put on it in order to strap me up.

I was in extreme pain, I was screaming and asking for help. I was ignored and completely helpless and dehumanised, I thought I was going to die.

I was carried out of the cell completely naked, I was stripped of all dignity, humanity and sense of self. I was in extreme pain and asking them to stop but was ignored. I have injuries all over my body

I was thrown into a security van and driven to Stanstead Airport naked. I was brought back to Brook House in a wheelchair and thrown into a cell and locked up. The cell was so cold that I was shivering. There was no

heating. I was extremely terrified, I thought I was going to die.

I kept screaming that I was in pain but I was denied access to see a doctor, I was only allowed to see a nurse on the day, there are bruises on my wrist, stomach and several parts of my body. I was told that I should go and treat myself when I get to Nigeria.

I am an innocent man and not a criminal and yet I have been subjected to the most extreme form of violence and dehumanisation. My humanity, dignity and sense of self ^{worth} was stripped off.

I am still having pains and flashbacks, I cant sleep, ^{and} anytime I hear the jingle of keys or the steps of officers I feel scared and unwell. I cannot work properly as I drag one of my legs. I have pains and aches all over my body.

Dear Sir/Madam,

Re: D1234

I hereby write to confirm that the above is a relative of our resident

Name Irrelevant

D1234 has been visiting Name Irrelevant regularly since her admission at Alexander Care Centre (8th April 2011).

As Name Irrelevant has no recourse to public funds, D1234 has been very supportive of her. He supplies her every need including toiletries, clothing, cooking her cultural food regularly and also taking her to church.

D1234 is Name Irrelevant's rock and I'm quite certain that she could not have survived without his support and spiritual guidance..

If you need any further assistance, please do not hesitate to contact me.

Yours sincerely,
