Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

At approximately 19.08 I was checking the daily food refusals and I was on Eden wing, I was just about to check a detainee by the name of D1527 CID: 10549090 who was currently on a Constant Supervision and Rule 40 and was residing in room E/007, I was told by the officer who was watching him DCO Fraser that he had just gone into the toilet area and he couldn't see him properly, I entered the room and called his name but had no answer, I then went into the toilet area which is where I saw D1527 curled up around the toilet area with what looked like a ripped t-shirt around his neck which he was holding onto. I attempted to loose the ligature but D1527 was holding onto it so I asked DCO Fraser to pass me his fish knife and I managed to cut the ligature off, I then pulled D1527 out of the toilet area and asked him to sit on the bed which he did and I called for medical assistance on my radio.
