## Summary of review (if ACDT plan is closed, state why)

**D1527** appeared fairly withdrawn during his review and failed to make any eye contact whatsoever. **D1527** stated that he didn't know why he self-harmed last night and that he just wants to return to his old room on Clyde wing. I explained to **D1527** that this decision would be made after his review. I also felt that **D1527** was only talking to me as he wanted something as this has happened on previously occasions with myself. **D1527** has point blank ignored me upon previous attempts to review him, however he then approached me asking if he could move rooms.

**D1527** has refused to communicate with healthcare this morning and the Home Office have no updates with regards to his case at this time.

After we had completed **D1527** review I phoned Clyde wing to enquire about his old room and his property. I was informed that someone else had already moved into his room and so he could not return to it.

When I informed **D1527** of this he returned to his room and began to throw his chair at his door. I asked the officers on the unit to keep an eye on him, and only a few moments later I was alerted that **D1527** had now ripped up one of his sheets and wrapped it around his neck.

The sheet was immediately removed and **D1527** was seen by healthcare, however he stated that he didn't want anyone to touch him. Healthcare then left and **D1527** was placed onto a constant supervision. **D1527** then refused to communicate whatsoever. **D1527** will be reviewed again tomorrow morning with the Duty Director present.

CAREMAP update YES ☒ No, as no new actions ☐
