Thanks Yogesh,

I am leaving the office now but if removals could update CID to confirm they have fully informed Tascor I would be grateful. I am on call on the mobile number below if needed.

All,

FYI, [D1914] has been seen by DR who has confirmed in writing that he is fit to fly and be detained. However he must have a medical escort due to the medical condition. The Dr has stated that he is happy for reasonable force to be used in order to facilitate the removal.

DEPMU have already confirmed a medical escort has been allocated. G4S are keen to ensure TASCOR are fully aware of their concerns before they start the process of presenting the [D1914] for escort. Would DEPMU be able to confirm that TASCOR are fully aware?

Regards.

All,

Concerns raised by G4S in regards to medical condition of [D1914] with regard to his removal tomorrow. He has on going heart complaint and was due to be admitted to hospital on the 17<sup>th</sup> of August after an appointment on 05<sup>th</sup> of August. The concerns were listed as TASCOR being aware of his condition and the potential of restraint being used as [D1914] has indicated that he does not want to leave the country due to family and medical treatment.

I contacted DEPMU who confirmed TASCOR do have a medic booked for this removal. CID notes show that the detainee was deemed as fit to be detained and fit to travel as of April 19.

G4S to have DR to see [D1914] today to confirm he is Fit to fly and fit to be restrained if required. I will update after he has seen DR.

Please let me know if there is anyone else I should inform of this information.

Regards,

**Rob Gibson,**
