191 **Callum Tulley:** Did they – nothing – there was nothing – there – you didn't hear anything of  
192 the incident we attended last week, of [D1527]s, did you? Sorry to interrupt.  
193 **Jo Buss:** [D1527]? Oh, when he climbed up –  
194 **Callum Tulley:** E wing  
195 **Jo Buss:** He was climbing up the doors?  
196 **Callum Tulley:** Yeah.  
197 **Jo Buss:** No. Why?  
198 **Callum Tulley:** No, no. It's all right, then.  
199 **Jo Buss:** Why?  
200 **Callum Tulley:** No, because he was allowed back onto – onto D Wing, and I just thought  
201 there would have been some sort of like confrontation with staff, because sometimes after an  
202 incident – do you know what I mean? – they don't appear back on – they sometimes ship  
203 them out, so. But I haven't heard anything from it.  
204 **Jo Buss:** I don't know where he is. Is he on D Wing?  
205 **Callum Tulley:** Yeah, he's been put onto D Wing, so –  
206 **Jo Buss:** Right.  
207 **Speaker 1:** Was he taking spice, did he?  
208 **Jo Buss:** No.  
209 **Callum Tulley:** No, no.  
210 **Jo Buss:** Never seen anything like it. You know the observation door on E Wing? His feet  
211 were going up – up the door, fucks sake.  
212 **Callum Tulley:** No, I, like – because just personally, [inaudible 00:06:48:14], because, you  
213 know, we were like involved in that incident. And then –  
214 **Jo Buss:** Yeah.  
215 **Callum Tulley:** – we weren't even told he was going to be back, allowed onto the wing.  
216 **Jo Buss:** Yeah, after all that. That was a spectacular [inaudible 00:06:57:20].  
217 **Callum Tulley:** Because like – but I suppose if you haven't – have you – well, we've never  
218 been told anything of it, even if you've not been either.  
219 **Jo Buss:** What time did – actually, what time did we finish that incident?  
220 **Callum Tulley:** I don't know, maybe quarter-past-eight, half-eight? It was quite –  
221 **Jo Buss:** Yeah. Thank you. I must put that on my timesheet. I'll put that on.  
222 **Callum Tulley:** Towards [inaudible 00:07:12:20].  
223 **Officer 1:** What was that? He – what happened then? What –  
224 **Callum Tulley:** He was – he was – he didn't – like he was trying to swallow a battery. He  
225 tried to strangle himself.  
226 **Jo Buss:** Strangling, yeah, but a phone battery at the – those flat – a Nokia battery that he  
227 wanted to swallow. But he self-strangled, then he went up the door, then he had a  
228 massive hissy fit on the floor. And apparently, a couple of hours later, he was as right as  
229 rain.  
230 **Callum Tulley:** Yeah.  
231 **Officer 1:** Was there a comeback on it then, or something?  
232 **Jo Buss:** No, no.  
233 **Callum Tulley:** No, no. I just think after an incident of that sort of nature –  
234 **Jo Buss:** Yeah.
