History: 20.00hrs detainee came in to collect his medication , when given he asked where his aspirin was

Examination: I noticed that he was given on the 01/05/17 x28 tablets ,

Diagnosis: He confessed that he is taking x2 aspirin as times when explained he became verbally abusive and swearing called the officers and he calm down

Plan: Now he needs more aspirin would like m/o to explain to him the dangers of over dosing himself.

Clinic Letter to Dr Saeed Chaudhary

25 May 2017 09:46	Surgery: BATCHELOR, Donna (Miss) (Nurse Access Role)	
-------------------	--	--

History: medication request

Examination: states ran out asprin was prescribed asprin 15/5 but only has a few left- states been taken more than prescribed has small bruising noted to abdomen, was stating he took more because his blood pressure was high. he became verbally aggressive when i explained asprin was not for blood pressure and this is the most likely cause for his bruising and he must not take more than prescribed.

in light of his non compliance i feel he is unsafe to be allowed to continue having medications In Possession.

Plan: doctor to review admin task.

currently red risk ip

asked officer to issue warning to detainee

request to C wing to remove medications from detainees possession and return them to healthcare

25 May 2017 11:11	Surgery: BATCHELOR, Donna (Miss) (Nurse Access Role)	
-------------------	--	--

History: call to C wing- to give appointment details

Examination: consultation with M/O on duty regarding concerns of medication

M/O advised he needs to see bruising and discuss reasoning for non compliance

Plan: for D1914 to attend M/O appointment today.

## Overview Notes (Y0028)

Attended for constant observation review. Very happy to be back, said his lawyer had given him bad advice. Denies having current thoughts or intent to hurt himself. Constant observations discontinued. Will remain on E wing for tonight, then all being well will be transferred back to to the main wings tomorrow.

Medication in healthcare pharmacy.

Overview Notes (Y0028) - returned from Failed flight, became agitated on the flight and the pilot decided it was not wise for him to be on the flight.

Mental health assessment (Xa1YN)

Had served time in prison in Romania following after a fight with him and another man.

Said he has never committed an offence in this country.

States that he has his own business and that's what he was focusing on when he was detained after he went for signing.

He further reported that he was cleared by a judge for a false charged made against him.

r

Mental health assessment (Xa1YN)

Started school at Grade 1 and completed at grade 10 which was the finale grade. Said he was a very good student who didn't struggle to achieved high marks in class.

Confirmed his his relationship with his friends were good and he gets on well with everyone he is acquainted with.

Mental health assessment (Xa1YN) - Said he has no mental health history. He has never been treated or diagnosed with any form of mental health condition

Mental health assessment (Xa1YN) - Said he has never misused drugs

Mental health assessment (Xa1YN)

Reported that his mother and his brother had died from a heart attack also his and his father is living in Romania.

Says he has 2 children, a boy and a girl. He is also married and is still together with his wife.

Denied any known history of mental illness within family.

20 Jul 2017 10:10	Surgery: OWITI, John (Mr) (Nurse Access Role)

History: Seen in Triage Clinic

Examination: Requesting to see GP

Reported not 'feeling good'

Reported experiencing pain on the upper part of his abdomen.

Kept on talking baoujt notfeelig good and asking to see GP today.

Wants to be referred to see doctor outside.

I have explained to him that I will dicuss his case with the GP as the GP ledger is full. The GP would then decide hether he wants to see him on Emergency.

He was not able to listen to me.

Kept on demanding to see the GP, exposing his chest to me, showing me the scars

I explained to him that I am not saying he would not see the GP, only that I would need to speak to GP first and if the GP wants to see him urgently then we would call him from the Wing

He threatened that if he does not see the GP he would smash his cell and he would self-harm

He then walked out, slammed the door hard, demanding to speak to the Manager

Vital obs done.

Seems to within normal range.

Plan: To discuss with GP this afternoon

Pulse rate (X773s) 64 bpm

103 / 72 mmHg

20 Jul 2017 14:11	Surgery: OOZEERALLY, Husein (Dr) (Clinical Practitioner Access Role)
History: Seen on Wing.	
He says difficulty sleeping but promethiazine not helping.	
I have explained that no further sleeping tablets can be prescribed.
