Please provide as much detail as possible below, including:

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

I Detainee Custody Manager (Dcm) Ben Shadbolt, I am currently employed by G4S Care and Justice Services at Brook House Immigration removal centre a position I have had for 5 years 10 months. I am also currently in ticket for using control and restraint and first aid. I was working at Brook House to assist with a planned charter flight from Brize Norton RAF Base to Nigeria and Ghana. Where I was selected to take part in a planned intervention along with DCO (Detainee Custody Officer) Derek Murphy DCO Johnny Martin and DCO Daniella Di-Tella. Where we were briefed about a detainee that I now know to be [D2054] [D2054] after the briefing was complete by DCM Dave Aldis we then made our way to Eden Wing where we formed outside the room and DCM Aldis began to talk to [D2054] to where it was explained to him that he is required to walk to detainee reception to awaiting escorts for his flight to Nigeria. DCM Aldis asked a numerous amount of times for [D2054] to compliantly walk with him to detainee reception to where we was instructed to stand directly outside of [D2054] room to where he was asked again to comply or the team would enter the room to gain control of him and present him to the awaiting escorts. [D2054] still refused to comply to where DCM Aldis instructed the team to enter the room. As we entered the room at 23:16 [D2054] was laying in the bed situated on the left side of the room to where I took hold of his left arm as the shield made contact with [D2054] to where he continuously shouted "JESUS" as [D2054] was gained control of and assisted off of the bed he took himself to the ground to where he was now laying in the supline position and without any clothing on at this time to where he continued to shout "JESUS" I took control of [D2054] head and DCO Murphy now isolated and gained control of [D2054] left arm as there was restricted space in the area that [D2054] took himself to the floor. Once DCO Murphy and DCO Martin announced that they had locks on it was then required that [D2054] was sat up to where I asked for handcuffs to be applied at this point I was now standing and had my right hand on [D2054] forehead and my left hand on the back of [D2054]s head this was due to [D2054]s head being close to the corner of the bed and placed my hand on his forehead to prevent him from hitting his head on the bed in front of him but to also prevent [D2054] from throwing his head back into the officers or hurting his neck whilst moving around. Once the handcuffs were secured [D2054] was then was assisted to his feet by the two arm officers to which at this point I then re-positioned myself to now be standing in front of [D2054] where I then gained control of his head by placing my left hand onto the back of his and my right hand on to the side of his face with my index finger and middle finger either side of his chin not covering his left ear so attempted communication can be heard at this time a towel was wrapped around [D2054]s waist so that his dignity could be protected. We then began to escort [D2054] out of the

OFFICIAL – SENSITIVE

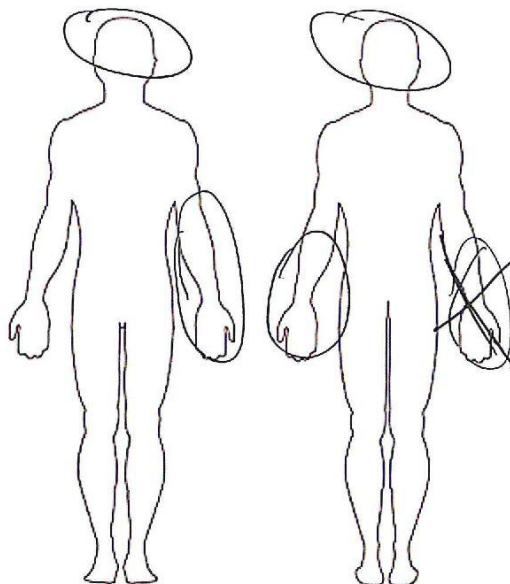

room and out of Eden wing to where we walked through doors I DCM Ben Shadbolt placed my back against the door frame and the team pivoted round ensuring that [D2054] is head did not make any contact with the door frames in a controlled manner. I gave [D2054] the chance to walk compliantly with us and for his head to be released to where I [D2054] continued to shout "JESUS" continuously and refused to answer my question [D2054] P. [D2054] was escorted through the corridor towards the awaiting escorts to where he was presented and an escorting officer took over from me and maintained control of [D2054] s head I then left the area at the time of approximately 23:23.

I currently have no injuries to my knowledge at this time in present.  
This Concludes my report

Please provide as much detail as possible below, including:

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

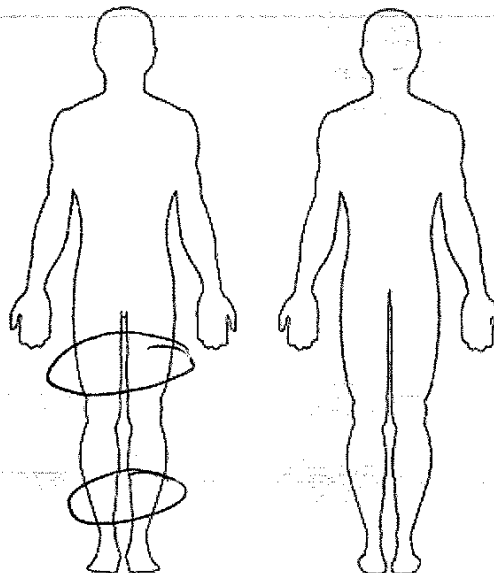

I Detainee Custody Officer (DCO) Daniella Di-Tella am currently employed by G4S Care and Justice services at Brook House Immigration removal centre. I have had this position for 5 months. I am also currently in ticket for using control and restraint and first aid. I was working at Brook House to assist with a planned charter flight from Brize Norton to Nigeria and Ghana and I was selected to take part as a team in the correct control and restraint equipment to escort Detainee [D2054] from his room to detainee discharge where there was a Tascor team waiting.

DCM Dave Aldis briefed myself DCO Di-Tella, DCO Derek Murphy, DCO Johnny Martin and DCO Ben Shadbolt about the Detainee [D2054]. At the time of approximately 23.16pm I DCO Di-Tella assembled with DCO Murphy, DCO Martin and DCO Shadbolt where DCM Aldis opened the door to Eden wing room 007 where Detainee [D2054] (CID 11671272) was and where he began to talk to Detainee [D2054] to see if he would accompany us to the detainee reception discharge compliantly, where he would be handed over to the Tascor officers. He refused a number of times comply with DCM Aldis's request to where the team was instructed to enter the room to gain control of the Detainee [D2054] to which he then took himself to the floor so was now laying in the supine position (naked). Whilst still resisting the officers who were gaining control of him Detainee [D2054] began to kick out to where I was, instructed by DCM Aldis gain control of his legs entered the room to which I gained control of Detainee [D2054]'s legs. I done this by placing my upper body across the top of Detainee [D2054]'s thigh facing away from him to where I then wrapped my arms around his legs locking my hands together to ensure that Detainee [D2054]'s legs were secure to prevent any injury to himself or anyone involved. I heard DCO Shadbolt asking for the handcuffs to be applied and shortly after DCM Aldis instructed me to release my hold. I did so and left the room and the other officers escorted Detainee [D2054] out of the room.

I currently have no injury's to my knowledge at this present time.  
This concludes my report.

Please draw a circle around the part of the body that you held, supported, controlled or applied pressure to during the incident.

Please provide as much detail as possible below, including:  
 Before the incident (i.e. what led to the incident, any de-escalation techniques used),  
 during the incident (i.e. what types of force were employed and why), and after the incident  
 (i.e. where the detainee(s) were relocated to and any injuries sustained).

I, Detainee Custody Officer (DCO) Andy Simmons have worked at Brook House Immigration Removal Centre (BHIRC) since September 2014.

On Wednesday 28<sup>th</sup> June 2017, I started work at 0745 on a day shift. I was asked to extend my shift to cover the possible planned removal of detainees going on a charter flight to Nigeria and Ghana on Operation Majestic.

At approximately 2310 a removal was planned for Detainee D2054 CID number 11671272 from Echo Wing room 007. I was not assigned a position on the Control and Restraint team, but was present for the removal as contingency in case other officers where needed.

The team entered the detainees room and gained control of the detainee quickly. The support officer also entered the room to control the detainees legs, as he was thrashing around and kicking out. The detainee was naked so I acquired a towel and placed it over him to maintain his dignity. Whilst I was covering the detainee, Detainee Custody Manager (DCM) Dave Alddis decided that handcuffs would be applied. As I was present in the room, I took on the task of applying the handcuffs. Once secure and checked, the detainee was helped to his feet and as the towel would fall to the floor, I held onto the towel as he was escorted from Echo Wing room 007 to meet the Escorts at Detainee Discharge. Once the detainee was handed over to the escorts, I left the area and took no further part in the removal.

This concludes my report.

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

On the 28/06/2017 I DCO D Murphy was on duty at Brook House IRC on E wing/CSU as a detainee custody officer. I was informed by Oscar one(1) Dave Aldis that I was to be part of a four(4) man team for the planned removal of detainee [D2054] Cid-11671272 who was housed on E wing, room 7 on a constant supervision because he produced razor blades earlier in the day and self harmed by cutting his upper arm, was going on a charter flight. I was number one (1) and shield officer. At approximately 23.20hrs I was instructed by DCM Dave Aldis to enter the room as [D2054] had refused several times to walk to the departures area where the Tascor overseas escorts were waiting. I placed the shield to the front of [D2054]'s upper body to prevent him causing any injuries to himself, my colleagues and myself. I then discarded the shield and took control of [D2054]'s head using home office approved techniques. [D2054] began to struggle so I swapped positions with my colleague DCO J Martin. I then took control of [D2054]'s left arm again, using home office approved techniques. I then placed his arm in the back rest position where DCO Andy Simmons applied handcuffs to try de-escalating the level of aggression [D2054] was displaying. I then assisted in escorting [D2054] to the departures area where we handed control over to the awaiting Tascor crew. A member of healthcare was present throughout and voiced no concerns. No injuries were reported. No more force than necessary was used throughout this removal. That concludes my report.

Please draw a circle around the part of the body that you held, supported, controlled or applied pressure to during the incident.

				Restraint Recovery	<input type="checkbox"/>
Were any additional restraints used?		Who authorised their use?			
Hand Cuffs		<input checked="" type="checkbox"/>			
Baton		ALDS			

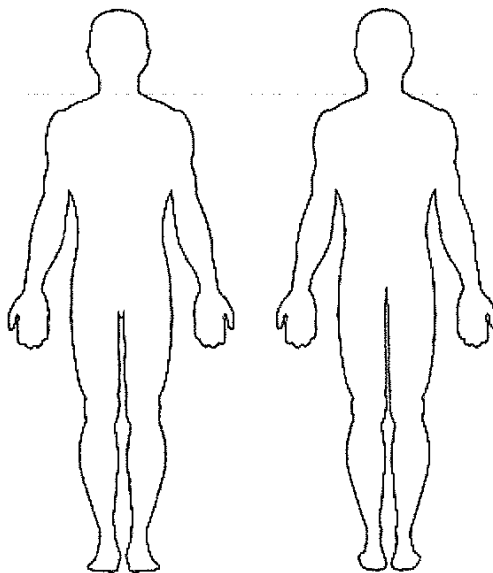

Please provide as much detail as possible below, including:

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

I DCO Jonathan Martin am a DCO at Brook House IRC, as position I have held since September 2014. On 28<sup>th</sup> June 2017, I was working at Brook House in reception, I was on a day shift, I was asked to stay on after my shift to assist with the Operation Majestic charter going to Nigeria and Ghana.

At 2300 approximately, I was asked to get dressed in to my full PPE and make my way to E/007, where [p2054] was residing, my role in this incident was as a number two officer. When I arrived at E/007, at approximately 2310, DCM Dave Aldis asked [p2054] if he was going to compliantly walk down to discharge to speak to the Tascor escorts. [p2054] was lying in his bed, and was indicating to DCM Aldis that he wasn't going to walk down to discharge, after exhausting his requests; DCM Aldis asked us to enter the room and take control of [p2054] and escort him to discharge. Once we entered the room, I seen [p2054] Lying on his bed under the duvet, I took control of his left arm and we assisted him off the bed on to the floor. When we assisted him to the floor, he was in the supine position. When on the floor, [p2054] was lying on the floor naked, I had a secure hold on his wrist, I had his arm in a arched position. I struggled with progressing in the lock as his arm was very short in length and he was offering resistance at the time. It was decided that handcuffs would be applied and [p2054] would be assisted up off the floor, once he was assisted off the floor, a DCO covered [p2054]'s lower half to keep his dignity. We escorted [p2054] to discharge where the escorts were waiting. All the way down to discharge, [p2054] was shouting "Jesus!! Jesus where are?? Jesus help me!!" Once we arrived in discharge the escorts were waiting and we proceeded through the doors, I gave control of my lock to the escorts and left discharge. I didn't receive any injuries in this incident and this concludes my report.

Please draw a circle around the part of the body that you held, supported, controlled or applied pressure to during the incident.
