Reason(s)

I Responded to a first response called in the arts and crafts room. On entering the room I immediately saw detainee D1538 stood near the door way with cuts to his left side of neck and in an aggressive stance with his right fist clenched holding a sharpened pencil. I immediately held D1538 right wrist and removed the pencil from his hand. At this point I then tried to verbally deescalate D1538 but this was not working as he was extremely angry and frustrated trying to get to the detainee he had a fight with. I took hold of D1538 left arm and proceeded into a guided lock. DCO Ryan Bromley had seen my actions and took control of the right arm also in a guiding lock. DCM Shane Farrell then took control of D1538 head as he came close to hitting his head on the metal cupboards behind him. When the area was locked down and he was isolated, D1538 was immediately assessed by a nurse from healthcare, who examines his injuries from the altercation. After the nurse had finished D1538 was then escorted to Eden wing to calm down.

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

I am Detainee Custody Manager (DCM) Shane Farrell. I am currently employed by G4S care and justice services at Gatwick Immigration removal Centre, A position that I have had for 6 years and 4 months. On the 06/06/2017 at approximately 15:20 I was part of a use of force with detainee: **D1538** DID (10596334).

When responding to a first response in the art room at Brook House I found that two detainees had had an altercation and the most irate detainee was **D1538**. I came across **D1538** who was being restrained by Detainee Custody Officer (DCO) Ryan Bromley and DCM Nick London this was to stop him from going after a detainee that had apparently punched him. As he was being restrained I could see that he was thrashing his head all over the place so I decided to take control of **D1538** head as he was close to a cabinet I decided to apply head support so that he didn't hit his head on the cabinet and to protect the officers. **D1538** was not happy with this and told me to Fuck off and not hold his head, I tried to explain to him that I was doing this for his own safety as he was thrashing his head all over the place and he could risk harm to himself and the officers that were restraining him. He didn't seem to relax and the officers told me that they could feel him resisting there holds, I again asked him to calm himself at this point the other detainee had been escorted out of the area and **D1538** who was still very upset with what had happened to him stopped resisting the two officers I told **D1538** that I was going to let him raise his head but if he became aggressive that I would again take control of his head I asked him if he understood me he replied that he did. As I released his head the nurse came over to check on him as he had cuts on his neck and his eye was red from where he had been hit by the other detainee he was informed that he would be moved to E Wing to calm himself down and once the CCTV was checked if it was the case he was the victim then he would be let back on to association. He appeared to understand this and followed us down to E Wing this concludes my part in the use of force of **D1538** and this concludes my report at this time.

I am Detainee Custody Officer Ryan Bromley, I am currently employed by G4S care and Justice services at Brook House. I am in Ticket and fully trained in Control & Restraint and First aid. I currently have no injuries.

On 06/06/2017 I was acting as a first response officer, while working on delta wing throughout the day. At approximately 15:15 a first response call came through the radio while I was currently in admin second floor. I made my way to the location of the first response call which was level 1 Art room. Upon entering the room of the response a crowd had gathered by the door well. As I entered the room at approximately 15:19 there was a detainee [D1538] in an extremely aggressive state swearing and shouting. He was also holding a pencil in his left hand acting out a stabbing motion. Immediately DCM Nick London took control of [D1538] left arm in a guided hold with the pencil dropping to the floor. [D1538] continued to shout abuse so I then applied a guided to [D1538] right arm. At this point for the safety of the detainee DCM Shane Farrell acted as head office, to protect the detainee from throwing his head back and forth. At approximately 15:25 detainee [D1538] had calmed down so healthcare could see to him after a possible altercation with another detainee. Once seen by healthcare [D1538] agreed to walk compliantly down to EWING to which CCTV needed to be evaluated, detainee [D1538] was compliant once exiting.

I believe that the force I used was justified and reasonable given the circumstances

This concludes my report.
