 Before the incident (i.e. what led to the incident, any de-escalation techniques used),  
 during the incident (i.e. what types of force were employed and why), and after the incident  
 (i.e. where the detainee(s) were relocated to and any injuries sustained).

I Duty Director now referred to as DD Dan Haughton have worked for G4S at Brook House Immigration Removal Centre now referred to as IRC, Perimeter Road South, Gatwick Airport, RH6 OPQ for eight years and five months. Brook House holds up to five hundred and eight adult male detainees prior to their removal from the United Kingdom or whilst their Immigration cases are resolved. On Saturday 13<sup>th</sup> May 2017 I was the DD at Gatwick IRCs.

This was my second day on as DD out of three. Whist DD I am on call 24 hours a day. I received a shift handover Detainee Custody Managers now referred to as DCMs Nick London (Oscar 1) and Steve Dix (Oscar 2) who had completed the night shift. I then discussed the day with the DCMs who were on shift today. Amongst other things discussed was the transfer of detainee **D687**

**D687** CID ref 7549784 who was due to transfer to The Verne IRC at some point during the day. The transfer was being completed by Tascor In Country Escorts who had assigned a suitable crew. A suitable crew is normally assigned to detainees who have previous disrupted a transfer or have previously refused to leave the centre. The suitable crew consists of enough officers to facilitate a transfer under restraint should be it necessary.

There were concerns that **D687** would not comply with his transfer as he had previously refused so at around 12.20 the unlock of Arun was held to ensure that **D687** could be collected from the wing and presented to Tascor Officers in discharge. The wing would normally unlock at 12.30 for lunch. **D687** packed his belongings and compliantly walked to the discharge waiting room to await collection and the wing returned to normal regime.

At around 13.45 I was in the security office and I received a telephone call from DCM Chris Donnelly who informed me that **D687** was now refusing to leave the centre and that had tied something to the disabled handrail in the toilet of the waiting room and around his neck.

I made my way to the waiting room which is down three flights of stairs and through four secure doors. When I arrived I did not enter the toilet area but stood by the door to assess the situation for myself. I saw that **D687** was in the toilet area which is around 10 feet long and 5 feet

wide, he was sitting on the toilet bowl which is at the back of the room around 3 feet away from me with what I now know to be a white t shirt loosely around his neck with part of it tied to the handrail. The handrail used by people with a restricted mobility to use the toilet was D shaped and at its lowest point was around two feet from the floor. Should [D687] have dropped the knot would have been free to move to the lowest part of the handrail and would not have applied pressure. Detainee Custody Officers now referred to as DCOs Jonny Martin and Callum Tulley were in the room with [D687] trying to talk to him and were standing against the opposite wall. DCO Darren Bulled was in the waiting room. DCM Shane Farrell also entered and DCM Chris Donnelly was just outside.

[D687] was in an agitated state and was saying that he would not go anywhere. [D687] made threats to drop from the toilet bowl should anyone try and move him. It was clear to me that [D687] was trying to prevent his transfer to The Verne IRC by taking this course of action. The conversation between those present and [D687] was not progressing. The Tascor escorts confirmed that they would continue with the transfer if [D687] was presented under restraint.

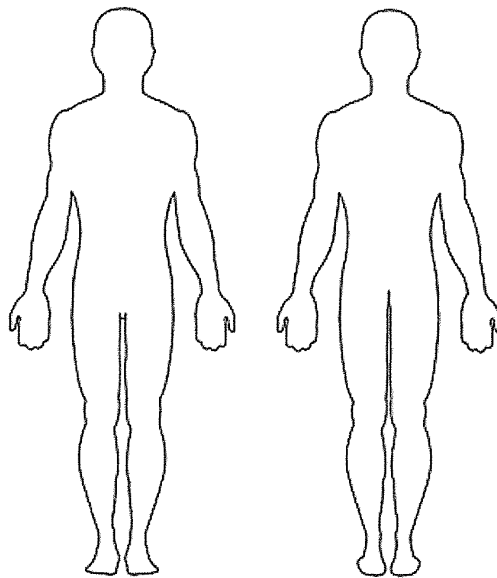

I stood to one side of the toilet door out of [D687] eye sight and asked for DCO Bulled to come over to me. I took DCO Bulled's cut down tool as I did not have one in case it was required. I stood back in the door way and tried to engage with [D687] who was holding a cigarette. I asked if wanted a lighter to have a smoke and held out my right arm with a lighter ready to light [D687] cigarette. [D687] said ok so I attempted to get a little nearer. I held the lighter out and as his attention was on the lighter grabbed the knot attached to the handrail. With this [D687] dropped to the floor and the knot attached to the hand rail came away. DCOs Tulley and Martin took control of [D687] arms. I then took the opportunity to remove the t shirt from around [D687] neck which came away without the need for the cut down tool. Handcuffs were quickly applied to [D687] by DCM Donnelly. The Tascor officers were informed that [D687] would be presented in handcuffs which they agreed to. [D687] was then brought to his feet and walked through to the Tascor officers. Throughout the short use of force [D687] kept saying he would not go and that he would cause trouble.

At this point healthcare arrived and saw to [D687] before he left the centre in the custody of Tascor.

This concludes my report

My name is Detainee Custody Officer (DCO) Callum Tulley and I have been working live at Brook House Immigration Removal Centre, Perimeter Road South, RH6 OPQ live since the 15<sup>th</sup> of June 2015.

At approximately 1345 while I was walking past discharge, DCM Chris Donnelly asked me to accompany him into the waiting room. I followed him into the waiting room toilet where DCO Johnny Martin and DCO Dan Bulled were monitoring detainee **D687** who had a noose around his neck which was tied to a hand rail. Senior Manager Dan Laughton soon arrived. Dan tried to persuade **D687** to untie the noose but **D687** was not receptive to this. Dan then attempted to cut the noose with a fish knife. **D687** tried to prevent Dan from doing this and attempted to self strangle with the noose. He was restrained so that he could be prevented from self harming and so that the noose could be removed safely. He fell to the floor immediately after Dan cut the noose from the hand rail. I took control of **D687** legs. I used the minimal and necessary amount of force required to control **D687** legs during the restraint. Once **D687** was put in cuffs I was able to release control of **D687** legs and exit the toilet. **D687** was then walked to the discharge area to be presented to Tascor who were to facilitate his transfer. The cuffs were shortly removed before I was excused by DCM Chris Donnelly. This concludes my report.

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

I, DCM Chris Donnelly, was on duty at Brook House IRL, Watwick, on Saturday 13-05-17 as Oscar 2, in charge of detainee Reception/Discharge and B wing. At approx 13.30 I was informed that a detainee I know to be **D687** (CID 7549784) was in discharge waiting room toilet, with a ligature around his neck. He was in the waiting room awaiting a suitable crew move to The Verne IRL. I went to speak to him with some other officers. He was sitting on the toilet of the detainee discharge toilet, with a white ligature around his neck, saying he did not want to go to the Verne – it was too far away from his family. He would not desist or remove the ligature, despite several DCO's, myself and DCM Farrell trying to persuade him. Duty Director Dan Haughton arrived and

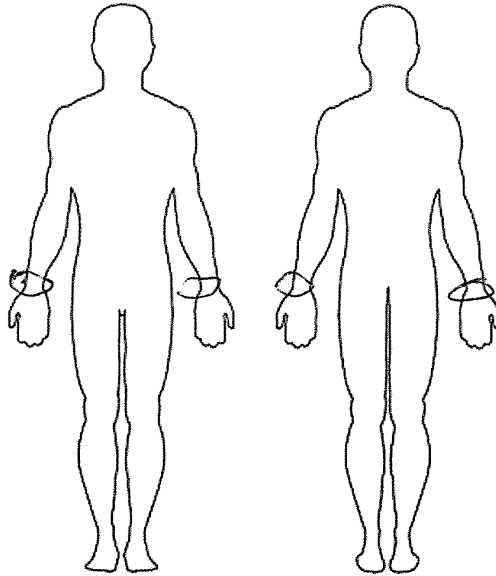

after further attempts to de-escalate **D687** peacefully, Duty Director Maughan initiated a spontaneous use of force to prevent self harm; He grabbed the ligature from **D687** other officers - DCM Farrell, DCO's Martin and Tully then controlled **D687** on the floor. I made the decision that to move **D687** from the area, he would need to be handcuffed for his own safety and the safety of officers I applied the ratchet cuffs to **D687** when he was on the floor. He was then helped to his feet, and he walked compliantly to detainee discharge to talk to waiting Tascor suitable even - after 5 to 10 minutes he had de-escalated sufficiently that the Tascor crew asked for the cuffs to be removed, and they accepted him into their custody

AT 1350 THE CREW TOLD ME THEY WERE READY TO SPEAK TO **D687** WHEN I LOOKED INTO THE WAITING ROOM I COULDN'T SEE **D687** SO I ENTERED AND OPENED THE TOILET DOOR AS I HAD ASKED HIM IF HE WAS OK AND I GOT NO REPLY. WHEN I OPENED THE DOOR I COULD SEE **D687** SITTING ON THE TOILET WITH A RIPPED UP T-SHIRT AND HE WAS SMOKING A CIGARETTE, I SAID **D687** WHAT ARE YOU DOING? HE REPLIED "GUV, I WANT TO END MY LIFE TODAY, THEY GUNA HAVE TO CARRY ME OUT OF HERE IN A BODY BAG AS I AINT GOING TO SPEAK TO THEM." I CONTACTED CONTROL AND ASKED FOR MANAGERS AND SOME BACK UP. OSCAR TWO CHRIS DONNELLY AND DCM SHANE FARRELL ARRIVED AND TRIED TO REASON WITH **D687** BUT HE SAID HE WASN'T LEAVING THE TOILET, ONLY IN A BODY BAG. VICTOR TWO DAN HOUGHTON ENTERED THE WAITING ROOM TO SPEAK TO **D687** BUT **D687** SAID THE SAME THINGS TO DAN HOUGHTON AS HE SAID TO OSCAR TWO. DAN HOUGHTON LEFT THE TOILET FOR A MOMENT AND TOOK DARREN BULLED'S FISH KNIFE (CUT DOWN KIT) AND RE-ENTERED THE TOILET AND TRIED TO REASON AGAIN WITH **D687** DAN THEN TOOK CONTROL OF **D687** HEAD, I THEN TOOK CONTROL OF **D687** LEFT ARM. WHILE I WAS TAKING CONTROL OF **D687** LEFT ARM, SOMEONE REMOVED THE NOOSE FROM AROUND **D687** NECK AND **D687** WAS ASSISTED TO THE FLOOR, HE WAS STRUGGLING AND BEING NON-COMPLIANT, HE WAS ALSO SHOUTING PROFANITY AT US. **D687** WAS ASSISTED DOWN TO THE FLOOR WHERE I PLACED **D687** LEFT ARM INTO A BACK HAMMER POSITION AND HE WAS PLACED INTO HANDCUFFS MY OSCAR TWO CHRIS DONNELLY. WE ASKED **D687** TO COMPLY AND STAND UP BUT HE REFUSED, MYSLEF AND DCM SHANE FARRELL ASSISTED **D687** UP OF THE GROUND AND ESCORTED HIM INTO DISCHARGE WHERE HE WAS HANDED OVER TO THE SUITABLE CRE WAITING FOR HIM.

Please provide as much detail as possible below, including:

Before the incident (i.e. what led to the incident, any de-escalation techniques used), during the incident (i.e. what types of force were employed and why), and after the incident (i.e. where the detainee(s) were relocated to and any injuries sustained).

I am Detainee Custody Manager Shane Farrell. I am currently employed by G4S care and justice services at Gatwick Immigration removal Centre, A position that I have had for 6 years. On the 13.05.2017 I was in detainee reception when I heard that a detainee that I know as **D687** was in the waiting room he had stated to officers that he did not want to go to another centre. When I entered the waiting room I found **D687** was in the toilet he was sitting on it with what looked like a t shirt round his neck he told the officers that he would hang himself if he had to go. DCM C Donnelly tried to deescalate the situation and was speaking to **D687** but he didn't seem to get anywhere as **D687** was very irate. After myself and DCM Donnelly had spoken to the escorts they would take him if force was used. By this time Duty Director Dan Haughton had arrived and said that he would try and talk to him. When Dan entered the room he asked **D687** how he was and why he was doing this **D687** stated that he didn't want to transfer as he was settled at Brook. Dan left the room with DCO Daren Bullard where Dan asked for his fish knife this was handed over to him Dan then entered the toilet area again and then went to cut the t-shirt away from the disabled rail at this point DCO Jonny Martin and Calum Tully attempted to gain control **D687** at this point had dropped himself down to the floor DCO Martin gained control of **D687** left arm but DCO Tully appeared to be struggling so I took over and secured his right arm at the base of **D687** back as this was done the handcuffs were applied by DCM C Donnelly **D687** then rolled over so he was in the seated position and then stood up he was walked to detainee discharge where he was handed over to Tascor in country escorts and this was my involvement in this use of force. In my opinion the force used was proportionate and reasonable in the circumstances at the time and I believe that no more force than was necessary was used. This concludes my report at this time.
