History: RMN

Examination: Seen this morning in Talking Therapies.

Informed me that he has been very upset over the past few days of what had happened with the the bombings in Manchester last week saying that had brought back memories and flashbacks about what had happened to him when he was in the army.

He has just finished the therapy sessions with the outside therapist who was coming to see him and thinks this has helped him. Continues to keep anxiety diary which he completes on a weekly basis. We discussed the contents of this and it will be scanned on to his notes.

Continues to attend the Emotional Health Group on a Monday morning however says that he feels that most of the people who attend only come to complain about their case and dont understand what the group is for.

Has been in contact with his daughter recently by telephone which he says he has enjoyed.

Plan: 1; Continue to attend the Talking Therapies Group.
2; Follow up RMN appointment made for 06/06/2017 AT 10:00, appointment slip given.
