

Record of tape recorded interview of D687

1.06.00	HW D687	The officers from 'C' Wing went to 'A' Wing? Some of them, yeah. Some of them went to 'A' Wing. Some of them went to 'D' Wing. They get moved around. Sometimes they get short-staffed, yeah?
	HW D687	Uh huh. So it'll be like ...there has to be three staff, four staff, on each Wing init? Yeah?
	HW D687	Uh huh. So they'll have two staff ...like they will get officers that used to work on 'C' Wing to ...one of them ...to come to our Wing and that. Obviously he will spread the disease on to the other ...new officers that don't know us, yeah? Yeah, they'll talk to their mates and that; and they'll be talking the same, like calling us abuse and that.
	HW D687	But from what I can understand from what you were telling me ...what you've told me today ...the officers who were doing that, you don't know who those officers were ... No ...
	HW D687	...but they were officers who were working on 'C' Wingif I saw them on the Internet, I could show you init? But I don't know their names. I don't know them like. They're not my friends like. They're not people that I ...you don't understand like. You're asking the wrong questions. It's not people that I want to remember. Do you understand?
	HW D687	Uh huh. It's people that I want to forget about them. Do you know what I mean? They're not nobody like. To me, they're nobody. Because if someone could treat another human being like that, no matter what race you are, where you're from, yeah? They're not supposed to be treated like ...um ...what's the word? They're not worth remembering. Do you understand?
	HW D687	Uh huh. Okay. I don't want to remember them. You're telling me "remember. Give me their names. Give me their ...like." I don't want to know them. And I'm trying to forget them in my head.
	HW D687	That's fine. So what I understand is, it was officers in general who were doing this ... Yes. Staff from G4S were all doing it. It's not just one officer or two officers. The majority of them were doing it. And when the managers comes or the directors comes, they'll say "Oh", they try to put on a good act ..."Oh, are you alright?" And they try to be nice and that. But when the white shirt goes away and that, they get back to their own like "Oh, fuck off." I see them telling an like an Asian guy, yeah? "Fucking, go back to Bangladesh, you fucking cunt, you Indian Paki. Fuck off." It's like this. Like ...
	HW	These are the general officers?
