STATEMENT

Statement of: C Dance-Jones

Occupation: Detention Custody Manager

I can confirm that I completed an investigation into a complaint by detainee [D687] during April 2016. I was issued the complaint as I had been the person who refused the initial request based on an observation from his prison file. An entry had been made on the DAT system following his prison file being interrogated. I can recall as part of my investigation I spoke to the person who made that entry and was shown where it was they had obtained that information. I am unable to recall exactly what that was given this investigation was completed sometime ago now however I remember being satisfied that this was a valid entry on the system. The only way that this information could have been shared with other detainees would be as a result of the response to the complaint being shown to others. [D687] would have been the only person in the position to show others [Signature]. This statement, consisting of 1 page each signed by me, is true to the best of my knowledge and belief [signature]
