Official-Sensitive,

Hi Rob,

Derek Murphy has been in touch with me today regarding the ongoing complaint I am dealing with. Amongst other matters he mentioned he had submitted an appeal against the revocation of his certification and had not received an acknowledgement to say his appeal had been received; he added out of courtesy somebody should have acknowledged it.

I told him I would pass on his concern. Grateful if you could please flag the matter to whoever is dealing with the matter at your end.

For your information my investigation is continuing.

Many Thanks,

Rukshana
