DISCHARGE SUMMARY

Dear Dr NotRegistered, GP

Name D1914	MRN Number: 400355331
D.O.B: DPA	NHS Number:
Gender: Male Address: DPA	Home Telephone: Mobile Telephone: Ethnicity: DPA

Previous A&E attendances in the last 24 months: 0

Your patient attended the A&E Department on: 17/05/2017 02:57:00

Discharge Method: Usual Place of Residence

Discharged by: Han , Julia

Outcome: Discharged to A&E Follow-up

Source of Referral: Emergency Services Incident occurred at: Public Place

Examined by: Dela Cruz , Cherryl; Han , Julia;

Presenting Complaint: ?DVT 3/7 h/o pain and swelling L lg, d-dimer 600 has CP for 1/12

Clinician Comments: This gentleman has a BG of double bypass (nov 2016) awaiting further elective CABG on August 7th, history of self harm. Under detention for immigration issues. He was referred to attend ED after D-dimer at health centre was raised, this was repeated and d-dimer is 577. Clinically leg does not look like DVT but given his raised D-dimer he was given clexane and DVT hotslot booked at 13:45, patient will be discharged back to detention centre and staff will bring him back for his appointment later today, time of scan 13:45 on 17.5.17, patient is to come to X ray department prior to above time and then to go to AMU chairs to wait for results of scan.

Diagnosis: DVT - Deep vein thrombosis of lower limb; Pain in left leg

Investigations: Vital signs,

Sensitive/Irrelevant

Procedures: Sensitive/Irrelevant

Treatments: Verbal advice, Written advice,

Medications: Intravenous drugs (stat / bolus), Subcutaneous, Sublingual,

Drugs given in Department: Drugs on Discharge:

Patient Full Name D1914 400355331
