

Job Description

Job Title: Advanced Clinical Practitioner
Accountable to: Head of Healthcare
Professionally accountable to: General Practitioner
Location: Gatwick IRC

Practice Plus Group's mission is **Access to Excellence**. Our core values are;

- we treat patients and each other as we would like to be treated
- we act with integrity
- we embrace diversity
- we strive to do things better together

Patients can only access excellence if we commit to living our values in everything we do when we're at work.

We believe in putting the patient first, regardless of the environment or their history. The prison population is one of the most vulnerable and challenged patient groups in society and the delivery of their health care is conducted within often difficult and demanding environments.

As an Advanced Clinical Practitioner with PPG you will have expert clinical skills and demonstrate judgement in assessing wide ranging and complex patient problems. You will provide clinical leadership for the healthcare team working closely with the General practitioners and wider Multi-disciplinary team. As an autonomous practitioner you will apply your clinical knowledge to lead on the delivery of high quality evidenced based care for patients with diverse health and wellbeing needs, including physical health, mental health and substance misuse. You will act as a role model ensuring professional appearance and maintaining professional standards at all times.

You will also;

Provide outstanding evidence based care, listening and acting on patient feedback so that care is personalised and informed by what matters to them. You will also provide assessment, diagnostics, treatment and continued management of patients with acute and long term medical conditions.

Deliver non-judgemental care by leading the team to deliver care that is safe, high quality, patient centred whilst meeting CQC requirements following our policies, procedures and always considering safeguarding.

Inspire excellence in your colleagues by pro-actively leading and motivating the team recognising that our workforce is our most valuable asset. You will provide professional leadership to the nursing team to ensure we provide a service that people can trust, feel safe within and feel proud of.

Promote best practice, clinical supervision, evidence based care and continuous quality improvement embedding a culture of reflection and shared learning.

Share knowledge, skills and expertise to ensure safe care and support your clinical and non-clinical colleagues to do a great job

About you

- Registered professional: Current registration with either NMC (nurses), HCPC (allied professionals) or GPhC (pharmacists)
- MSc in Advanced Practice
- Independent/supplementary prescriber qualification
- Experience working autonomously as an advanced clinical practitioner following best practice guidance and identifying risk to patients through sound use of clinical expertise
- Evidence of implementation of local and national policies e.g. NICE guidance, developing protocols/care pathways and monitoring effectiveness
- Experience demonstrating high levels of clinical expertise in decision making and judgement, enabling the development, monitoring and improvement of standard of care through supervision, clinical practice, audit, research, education and professional leadership
- Knowledge of clinical audit and its relationship to research
- Knowledge of the statutory requirements for the safeguarding of adults and children
- Willing to be innovative and embrace learning through continued professional development and the practical application of new skills in the workplace
- Excellent communication skills and ability to communicate openly, consistently and clearly
- A non-judgmental, patient centred and compassionate approach
- Good IT skills and IT literacy
- Proactive problem solving skills
- Flexible attitude to working arrangements
- Ability to work within a busy environment

If you have any the following skills/experiences, this will support you in this role, however are not essential to our selection for this role:

- Experience of working in Primary care or community setting
- RCGP Substance misuse part 1 & 2
- ILS (Resus council)
- Experience in research and/or service development

Additional information
