421 this room. None of my property is here.
422 **Charlie Francis** - Well, you should have thought of that
423 **D728** - [inaudible]

426 **Steve Webb** - Oh yeah yeah... [Inaudible]
427 **D728** - I'm seriously, [inaudible] I had to starve, bro.
428 **Steve Webb** - All that shit needs to get out of there.
429 **Callum Tulley** - Steve
430 **Charlie Francis** - [inaudible]

432 **Charlie Francis** - I'm going in. Alright, cover it up, that's it
433 **D728** - [Inaudible]. I don't care, I want the cigar. I need to smoke.
434 **Charlie Francis** - Alright, one, One. The shop is not open yet.
435 **D728** - Oh, the shop opened doors at fucking nine. [Inaudible]
436 **Charlie Francis** - The shop opens at nine! **D728** - Ah, the shop opens at nine.
437 Okay. You're so fucking clever,
438 **D728** - I'm [inaudible] the shop every day 8:30. How can he
439 **Charlie Francis** - The Shop doesn't open till nine.
440 **D728** - Well, return me my property then.
441 **Charlie Francis** - Will you [inaudible] give it a rest! Give it a fucking rest.
442 **D728** - [inaudible] 8 hours.
443 **Steve Webb** - **D728**, **D728**, **D728**
444 **Charlie Francis** - Listen
445 **Steve Webb** - Listen, Listen, right shut up a minute!
446 **D728** - [inaudible]
447 **Steve Webb** - Your fucking attitude, depends on how this is gonna go for you.
448 **D728** - [inaudible]
449 **Steve Webb** -This is how this is gonna go for you. Piss us off, you won't have a shower you
450 won't have nothing.
451 **Charlie Francis** - The doctor, the doctor said you have, you have got enough medication in
452 your body, to last you four weeks.
453 **D728** - What, the doctor? The fucking doctor who refused to come up here?
454 **Charlie Francis** - You [inaudible]
455 **D728** - I'm not [inaudible]
456 **Charlie Francis** - He thinks you don't need it
457 **D728** - But you've got my medication. I don't have my medication.

466 **Charlie Francis** -Just go in and take it off, will you?
467 **Callum Tulley** - Yeah, I will.
468 **Charlie Francis** - I know it's a pain in the arse
469 **Callum Tulley** - No, it's alright mate.
470 **Steve Webb** - I'll fucking punch the cunt. I tell ya.
471 **Charlie Francis** - If you don't I will.
472 **Charlie Francis** - Right, before we move him round here

1845 **Callum Tulley:** D728 seems to have calmed down a bit.

1846 **Aaron Stokes:** Oh no, he's a bell end. Can't keep up with him. 'I'll hang myself, I'll hang
1847 myself.' I don't really care. I don't care, just do it. He ain't gonna hang himself with his
1848 shorts. 'If I don't get out of here, I'll hang myself.' You're not gonna get out of here if you try
1849 and hang yourself. I was trying to explain that to him, but –

1850 **Callum Tulley:** It's all empty threats, isn't it?

1851 **Aaron Stokes:** No, it's – he's bloody solid, though, isn't he? He don't understand nothing.

1859 **Aaron Stokes:** Only got about four more to come in, apparently.

1860 **Callum Tulley:** Yeah?

1861 **Aaron Stokes:** I don't really have a clue what I'm doing in here. This is the first time I've
1862 ever been in visitors.

1863 **Callum Tulley:** Cos you don't know what you're doing?

1864 **Aaron Stokes:** No, I was just here to learn. But Slim's buggered off for a break and he's
1865 buggered off as well.

1866 **Callum Tulley:** It's just you on your own?

1867 **Aaron Stokes:** Well now it is, yeah. Ben's buggered off and Slim's gone, so I'm just waiting
1868 and I hope nothing goes wrong.

1869 **Callum Tulley:** Exactly.

1870 **Aaron Stokes:** I've only done visitors for two days. This is my second day of visits.

1871 **Callum Tulley:** Well, what are we gonna do if – would you know what to do if there's a drug
1872 pass now?

1873 **Aaron Stokes:** Go up there get hold of him? [Inaudible]. I've no idea. Cos you can't do
1874 anything with this [points to computer screens with camera feeds], cos it's – it's direct
1875 surveillance so you have to get permission for that.

1876 **Callum Tulley:** Really?

1877 **Aaron Stokes:** That's what it said, it said that sort of shit. Watching for more than a couple
1878 of minutes, if you zoom in and that, it's direct monitoring, so can't do it or something. All
1879 these stupid bloody laws. But we're still supposed to stop 'em.

1880 **Callum Tulley:** Yeah.

1881 **Aaron Stokes:** I know about half of these women, three of them for B wing.

1882 **Callum Tulley:** I do wonder. I do always wonder if drugs come through visits.

1883 **Aaron Stokes:** Three of them are nicey-nicey. One of them's from C wing, as nice as
1884 anything. And the one guy at the ends probably maybe a concern, but...

1885 **Callum Tulley:** Yeah.

1886 **Aaron Stokes:** It is what it is, isn't it?

1887 **Callum Tulley:** Yeah. I know what you mean.

1895 **Aaron Stokes:** Can't be there. You're made to look strange trying to look after these nutters
1896 trying to do themselves here.

1897 **Callum Tulley:** It's just frustrating. It's just frustrating cos he was like –

1898 **Aaron Stokes:** 'I'm gonna kill myself, I'm gonna kill myself.'

1899 **Callum Tulley:** He was clearly not gonna hurt himself and he was literally just saying it to
1900 get what we wanted but actually it wasn't – it was having the – it was having the opposite
1901 effect what he wanted. Cos he wanted to get off the wing but – to piss people off – to have
1902 his voice heard, to make his point about not getting his meds, he wanted to be on constant.
1903 But he didn't understand – he couldn't seem to understand or maybe he was just refusing to
1904 understand that if you're on a constant, you can't be allowed off E wing, because obviously
1905 you're being constantly supervised. So it was like, it was just not working for him, so he was
1906 just getting worked up, worked up. It's doing my head in, man.

1907 **Aaron Stokes:** He was just standing by that thing saying, 'I'm gonna hang myself if I don't
1908 get off here.' I just literally went – crossed my arms, you can see it on the camera, just
1909 literally went in the room: 'do it. Just take yourself. I'll cut you down, fucking crack on with
1910 it'. So what? I'm bloody bored of these empty threats. Honestly, would I give a shit if you
1911 hang yourself? I can't physically stop you from hanging yourself. I can cut you down.

1912 **Callum Tulley:** Yeah.

1913 **Aaron Stokes:** I can try and stop you from doing it but I ain't gonna get in trouble for it, so
1914 you crack on mate, you get done with it. He didn't like it when I said, stop playing your silly
1915 games and get on with it. He's like, they're not silly, they're genuine personal reasons. Like,
1916 no, you're playing silly games, mate. Don't start.
