Gatwick Counter Terrorism Referrals

- There was 1 referral made at Tinsley House.
- There were 2 referrals during the month at Brook House.

Breaches of Security

- There were 2 breaches and 4 Key /Lock compromises recorded during July at Tinsley House.
- There were 4 breaches and no key/Lock compromises recorded at Brook House.

Trends and Hotspots at Gatwick

- *There has been clear drug use within the Centre but with no significant finds being made.*
- *Clyde and Dove Wing currently sit with many of the challenging detainees and Eden Wing has also experienced many challenges during the month.*
- *It has still been noted that staff are still not using the warning system to actively manage and challenge poor behaviour.*
- *Issues continue with detainees gaining access to Wings other than their own. Despite some staff checking ID cards there still seems a distinct lack of a consistent approach.*
- *The issue of smoking at Tinsley has dominated this Month with prohibited lighters being found. This will no doubt be an on-going issue in the centre due to the smoking restrictions.*

Gatwick Objectives

- Collate and analyse intelligence surrounding the drug culture present on Clyde and Dove Wing.
- Enhance awareness regarding the secure storage and accounting of equipment used across both Centres.
- Reduce Breaches of Security at Tinsley House.
- Disrupt and minimise the current smoking culture at Tinsley House.

APPROVED/AMENDED SECURITY OBJECTIVES (this section will provide the final security objectives for the forthcoming month, may show a slight variation subject to competitive analysis, and may require briefing updates/amendments accordingly)
