Incident Statement By (print name):

S Dix

Please describe the Incident details in full, confirming details of place of incident, time, date, names of all persons involved, witnesses, injuries sustained, first aid or healthcare provided, and details of which managers were informed of incident.

I DCM Steve Dix was working at Brook House IRC on Tuesday 23/05/2017 when roughly 22:00 a planned Use of Force was required: D1978 11531720 as he refused to walk compliantly down to the Care and Separation unit on rule 40 in the evening after making threats to staff by the shop. In the evening D1978 was spoken to on several occasions to walk compliantly but refused every time.

A planned intervention was required we went to D/115 and spoke to D1978 and he refused to walk or move compliantly I said a team would move him under force if required at this point he came towards me at the door so the team restrained D1978 due to his unpredictable and violent behaviour I felt for my safety, especially after he was verbally aggressive and abusive towards myself also earlier in the evening. D1978 was passively resistant however we came out of D wing 1st floor down the activities corridor down towards the Care and Separation unit, throughout the removal he made threats to all involve to "fuck them up" " Kill them" and also racist remarks, he looked everyone in the face and recognised everyone involved.

When moving him to CSU walking down the stairs he made several directs to myself threatening to get me when he is out, or on the outside and he will kill me and made threats to my family. He also made threats to others involved. He then proceeded to spit in my face which went all over me and in my eyes and mouth.

Due to his unpredictable nature and violent behaviour I take this as a direct threat to myself and others involved and could not be sure he would not act upon these threats, all of which was caught on CCTV.

When we got to CSU he was searched and walked compliantly into the room, he was placed onto Constant supervision after the use of force and denied Healthcare to see him. He was spoken to by DCM N London afterwards and apologised for his behaviour.

This concludes my report
