## 1. INTRODUCTION

- 1.1 This report outlines the circumstances and events concerning the treatment of

  D87 who alleged gross misconduct and gross medical negligence against staff at Brook House Immigration Removal Centre (IRC) on 30 June 2017, during two separate incidents.
- 1.2 **D87** submitted an undated Detention Services Complaint Registration Form (DCF 9) on 3 July 2017, which was passed to the Home Office Professional Standards Unit (PSU) for investigation.

### 2. TERMS OF REFERENCE

- 2.1 To investigate the complaint allegations made by D87 of gross misconduct and gross medical negligence by staff at Brook House IRC on 30 June 2017 during two separate incidents.
- 2.2 Allegation 1: At approximately 17:20 hours **D87** was attacked by a group of officers in his cell, which resulted in him receiving injuries.
- Allegation 2: **D87** was relocated to the Care and Separation Unit (CSU) and tried to take his own life; it took one and a half hours for the door to be opened, with about 13 officers geared up running towards him, when he was supposed to be dead. He was not seen by a doctor or a nurse, amounting to gross negligence.
- 2.4 To make recommendations about any learning for any individual or organisational learning, including whether any change in policy or practice would help to prevent a recurrence of the events, incidents or conduct investigated.
- 2.5 To make recommendations for line management to consider the conduct of any officer subject to investigation in light of the report.
- 2.6 To make recommendations on whether the incidents highlight any good practice that should be disseminated.

### 3. HOME OFFICE POLICY & GUIDANCE

- 3.1 Detention Service Order 03/2015 Handling of Complaints
- 3.2 Detention Services Handling of Complaints guidance ensures that the investigation of complaints is dealt with effectively and efficiently. This investigation and report has been conducted in line with the formal investigation procedures set out in the Complaints Guidance.
- 3.3 Detention Centre Rules Use of force
- 3.4 41. (1)A detainee custody officer dealing with a detained person shall not use force unnecessarily and, when the application of force to a detained person is

necessary, no more force than is necessary shall be used.

- 3.5 (2) No officer shall act deliberately in a manner calculated to provoke a detained person.
- 3.6 (3) Particulars of every case of use of force shall be recorded by the manager in a manner to be directed by the Secretary of State, and shall be reported to the Secretary of State.

## 4. OFFICERS SUBJECT TO INVESTIGATION

- 4.1 From the evidence gathered, the Brook House IRC staff listed below have been identified as potential subjects of the complaint, as they were the staff involved in the incidents.
- 4.2 **Incident 1:** DCM Dean Brackenridge, DCM Mike Trott, DCO Ryan Bromley, DCO Sean Sayers, DCO Alex Parpworth, DCO Aaron Stokes and DCO Esmail Moshiri.
- 4.3 Incident 2: DCM Daniel Robinson; Team 1: DCM Ben Shadbolt, DCO Jason Murphy, DCO Joe Bryant and DCO Darren Tomsett. Team 2: DCO Chris Brown, DCO Edmund Fiddy and DCO Mark Brewster.

### 5. SUMMARY OF INVESTIGATION

- On 3 July 2017 the Central Referral Team (CRT) received D87 complaint (DCF 9 form). The allegations were accepted for investigation by the PSU on 4 July 2017.
- Evidence was requested and received from Karen Goulder, Administrator from G4S Care and Justice Services, Brook House IRC, in the form of: Incident Reports, Use of Force Reports, Report of Injury to a Detainee forms, Care and Separation records, Temporary Confinement records, Rule 40 documents, four discs containing CCTV and camera footage. Healthcare provided Healthcare Patient Record; and Mrs Shipp also obtained data from Home Office computer records (CID).
- 5.3 D87 was interviewed regarding his complaint on 11 July 2017. It was agreed with the Centre that a telephone interview would be the most beneficial in order to limit D87 movement, as since the date of the incidents Mr D87 had been on a four officer unlock, as he presented a significant threat to the due to his threats and behaviour. The interview was conducted with D87 on his mobile phone, whilst he remained inside his room.
- 5.4 On 14 July 2017 a Home Office accreditation check was completed on all the officers involved; all officers passed.
- Following a full review of the evidence. Mrs Shipp found no issues with the way that the staff had dealt with D87 or the control and restraint used. However, in order to provide a full response to D87 she did require some

explanation regarding the rationale behind the decisions made that led to the complaints being made. Therefore on 29 August 2017 Mrs Shipp attended Brook House IRC and spoke with Steve Skitt – Head of Brook House and Deputy Director, Sara Edwards – Duty Director (on the day of the incidents) and DCM Ben Shadlock, who was involved in both incidents. In addition two of the DCOs (Aaron Stokes and Sean Sayers), involved in the first incident, were asked to provide written responses to three specific questions regarding information provided by D87 at his interview.

As this complaint contained an allegation of assault, which allegedly resulted in injuries, the matter was reported to Sussex Police on 14 July 2017. A crime reference number of 47170101367 - Incident ref SXP-20170716-1606 was allocated on 16 July 2017. On 11 September 2017 an update was requested by the police as to whether any matters required police investigation; Mrs Shipp advised that she was in the process of completing the report,. By return the police asked if the PSU could advise D87 in the response letter that there had been police involvement, to dissuade him from reporting the matters again to the police.

## 6. SUMMARY OF EVIDENCE

6.1	SUMMARY OF EVIDENCE FROM	<b>D87</b>
-----	--------------------------	------------

- 6.2 D87 evidence is informed from his DCF 9 Complaint Form: and his interview with the PSU on 11 July 2017. A very brief summary of evidence is outlined below, with further details, as relevant, in the 'Consideration of Evidence and Conclusions' section.
- In summary, regarding Incident 1 D87 alleged that on 30 June 2017 at approximately 17:20 hours he was attacked by a group of officers in a cell where he was placed on Removal from Association in Eden Wing. He alleged this attack resulted in him receiving injuries.
- In summary, regarding Incident 2, D87 alleged that on 30 June 2017 he was so frustrated that he said he was going to take his own life. He blocked the flap of his cell door with a tissue and remained silent after he had been ignored by all the members of staff that participated. In assumption that was the case it took one and a half hours for the door to open, with about 13 officers geared up running towards him, when he was supposed to be dead. He alleged he was not seen by a doctor or a nurse, amounting to gross negligence.

### 6.5 SUMMARY OF EVIDENCE FROM G4S STAFF

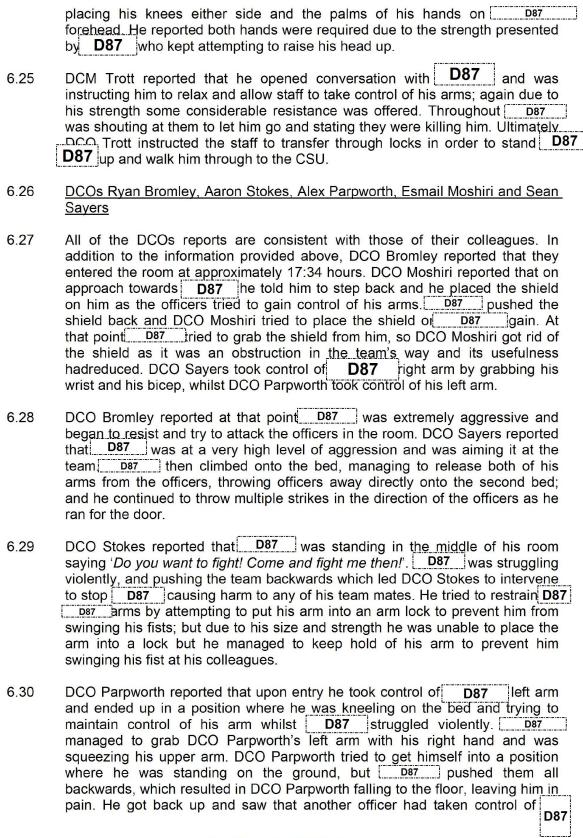

The PSU were provided with Incident Reports from both incidents, which included statements written by the officers involved. In addition, G4S also provided several other sources of documentary evidence, including camera footage. In this section there is a brief summary of the evidence provided by the officers. Additional details, as relevant, have been included in the 'Consideration of Evidence and Conclusions' section.

	6.7	INCIDENT 1
	6.8	DCM Dean Brackenridge
Annex Bi	6.9	DCM Brackenridge's report is consistent with that of his colleagues. He reported that on 30 June 2017 he was informed by the Duty Director that D87 was to be moved to Rule 40 for making direct threats to harm staff earlier in the day.
	6.10	DCM Brackenridge reported that he assembled a team of five officers, kitted in full Personal Protective Equipment (PPE) and briefed them on the situation. DCM Shadbolt video recorded the incident; and Healthcare (RMN Deejay Persaud), the Duty Director (Sara Edwards) and DCM Trott (in his capacity as a use of force instructor to offer advice/guidance) were also present. DCM Brackenridge reported that <b>D87</b> was a very large and fit man.
	6.11	DCM Brackenridge reported that he made his way with the team to Eden Wing; initially he positioned the team out of eye shot of <b>D87</b> and he opened his door. He informed <b>D87</b> that due to threats made earlier in the day he was required to walk with him to the CSU as he was being placed onto Rule 40.
	6.12	DCM Brackenridge reported that D87 made comments along the lines of 'Do you want to fight me?'. DCM Brackenridge asked the team to show themselves and again gave D87 the opportunity to leave the room compliantly. He refused so DCM Brackenridge instructed the team to enter the room and gain control of D87 On entering the room D87 became extremely aggressive and attempted to fight off the officers. Support officers were instructed to enter the room DCM Brackenridge and DCM Trott gave guidance to the team but due to D87 strength he was overpowering them.
	6.13	DCM Brackenridge reported that D87 continued to resist the team and was non compliant with instructions; he was extremely aggressive. D87 managed to push the team through the room door and out onto the Unit. At that point DCM Trott became involved in the use of force and took over as the lead and number one officer. The team assisted D87 to the ground and secured his head, arms and legs. Due to his strength and size the team could not get handcuffs onto him. DCM Shadbolt removed DCO Bromley from the team at that point due to a leg injury.
	6.14	DCM Brackenridge reported that DCO Trott instructed the team to assist D87 D87 to his feet and they began to walk him into the CSU. D87 was still displaying extremely high levels of aggression and non compliance. Throughout the incident he made further threats to harm staff and accused all of being racist. He made direct threats to kill DCM Brackenridge if he ever got a chance later in the evening. D87 was walked into the CSU and was still non compliant kicking out at officers.
	6.15	DCM Brackenridge reported that D87 was walked into Room 4; the team engaged with D87 and he appeared to briefly listen to DCO Sayers. DCO Moshiri was removed from the team as he appeared to sustain an injury to his

chest. Both DCOs Bromley and Moshiri were seen by on site Healthcare and later sent to hospital.

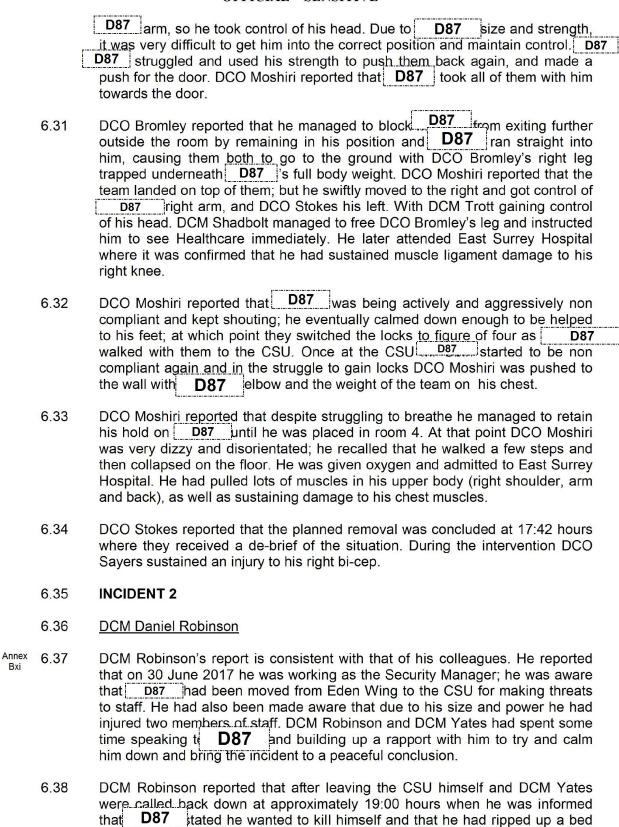

- 6.16 DCM Brackenridge reported that D87 sat on the desk at the back of the room and the team were instructed to leave the room; DCM Shadbolt secured the door; and welfare checks were made on all involved.
- 6.17 DCM Ben Shadbolt
- Annex Bi

  DCM Shadbolt's report is consistent with that of his colleagues. In addition to the information provided by DCM Brackenridge, DCM Shadbolt reported that following the briefing at 17:20 hours they made their way to Eden Wing, where DCM Brackenridge began talking to D87 who asked why he was being moved and for what reason; and then subsequently questioned why DCM Brackenridge was sending the officers in to fight him. DCM Shadbolt reported tha D87 put on his socks and trainers and stood up and began to escalate in his behaviour stating he was ready to fight and to send the team in to take him.
  - DCM Shadbolt reported that when the team entered D87 grabbed the shield and began to resist against the officers, attempting to push them away from him. Once outside the room and on the floor DCO Bromley informed DCM Shadbolt that his legs were trapped (his right leg had got caught between D87 legs and was twisted). DCM Shadbolt helped DCO Bromley to free his legs and as he could see that he was in pain he told him to stand down.
  - 6.20 DCM Shadbolt reported that whilst being escorted through to the CSU D87 pushed DCO Moshiri who had control of his right arm into the door between two rooms; and he twice attempted to kick out at DCM Trott.
  - 6.21 DCM Mike Trott
- Annex Bii DCM Trott's report is consistent with that of his colleagues. In addition to the information provided by DCM Brackenridge, DCM Trott reported that he was briefed by DCM Brackenridge on the current situation.
  - DCM Trott reported that once DCM Brackenridge had commenced conversation with D87 there was a period of time where D87 seemed confused as to the reasons stated. DCM Brackenridge explained several times and asked D87 on several occasions to follow him to the CSU. At first DCM Trott believed that D87 would follow the instruction and comply, but following a sudden change in demeanour the team were presented at the door and entered the room.
  - DCM Trott reported that following initial contact there was a period of struggle where the four staff seemed not to be able to gain control. After a short while D87 made his way out of the room and he was dragging the team with him. At that point DCM Trott stood in front of D87 and assisted the team in guiding him to the floor by taking control of his head. On the floor D87 was in the supine position (on his back); DCM Troll took control of his head by

**OFFICIAL - SENSITIVE** 

8

	sheet and placed it around his neck and covered his observation panel. DCM Robinson contacted the Duty Director, Sara Edwards, and it was decided that it was absolutely necessary to have between six and seven people in full PPE to enter the room to ensure D87 was unable to harm himself with any ligature that he had around his neck, or harm any more members of staff. DCM Robinson believed that amount of staff was reasonable in the circumstances due to the direct threat that D87 posed to the welfare of the staff.
6.39	DCM Robinson reported that it was agreed that the officers would enter the room and remove any further items the <b>D87</b> could use to harm himself; their rationale for having to enter the room was preservation of <b>D87</b> ife. Once the team were all in their PPE and fully briefed and aware of the power, size and strength that <b>D87</b> possessed and the damage he had previously caused to the staff earlier in the day, they formed up outside <b>D87</b> room.
6.40	DCM Robinson reported that he had attempted to engage with
6.41	DCM Robinson reported that D87 had gone to sit up but the staff prevented him doing so using the shield and approved techniques, which DCM Robinson believed reasonable in the circumstances, due to D87 history of violence. DCM Robinson instantly attempted to engage in dialect with D87 and informed him why they needed to enter the room. D87 stated that they were assaulting him.
6.42	DCM Robinson reported that he spoke calmly to
6.43	DCM Robinson reported that he again asked
6.44	DCM Robinson informed D87 that DCO Bryant would release his arm and leave the room with one of the supporting officers. He explained to D87 that if he fought back or became aggressive the team would again place him under restraint. At that point D87 compiled with the instruction allowing two staff to leave the room. DCM Robinson then left the room and asked the team to retreat in a controlled manner, using the shield in case D87 decided to

	charge the team, as he was still fearful that <b>D87</b> could cause severe injury to a member of staff.
6.45	DCM Robinson reported that he believed that the actions taken were proportionate to the seriousness of the situation and their measures had prevented D87 causing significant harm to himself. After the incident DCM Robinson thanked all the staff for their involvement and confirmed no staff had sustained any injuries, and that Healthcare were satisfied that D87 sustained no injury. DCM Robinson spoke to D87 after the door was snut and D87 proceeded to tell him that he hated him and that he hoped he would get skin cancer. D87 went on to say that he would hunt DCM Robinson and his family down and murder him; that he would get released from there at some point, that he was a white bastard and when he was finished they would all hate black men.
6.46	DCM Robinson reported that he believed that due to the constant dialect and de-escalation used by all staff present D87 did not fight to his full potential, but he still posed a significant challenge for staff to deal with both physically and mentally.
6.47	DCM Ben Shadbolt
6.48	DCM Shadbolt's report is consistent with those of his colleagues. In addition to the information provided by DCM Robinson, DCM Shadbolt reported that he was informed he was to be the supporting officer to the first team. DCM Shadbolt upon entry to the room had to remove his gloves to use a ligature knife to cut the ligature from D87 neck; he also removed items of bedding from the room.
6.49	DCM Shadbolt reported that D87 then began to resist against the officers that were restraining him, so he pushed his right shoulder into DCO Murphy's back supporting him whilst the shield was still placed onto D87 to prevent him from pushing the shield away from himself for the safety of all those involved. Once D87 shoes were also removed by another officer they were then all instructed to leave the room.
6.50	DCOs Jason Murphy, Joe Bryant, Darren Tomsett, Chris Brown and Edmund Fiddy and Mark Brewster
6.51	All of the DCOs reports were consistent with those of their colleagues. DCO Murphy reported he was given the position of shield officer and he was the first officer through the door. As he entered the room he immediately pinned D87 by his upper torso and head using the shield. He then saw officers take control of D87 arms. DCO Murphy tried to talk to D87 through the shield to keep him calm and get him to comply with them; he was resisting and becoming abusive and aggressive.
6.52	DCO Bryant reported that he entered the room at 19:45 hours and D87 was lying flat on his back on the table with his left arm against the wall. DCO Bryant quickly gained control and isolated D87 left arm, preventing him

from moving forward and causing damage to any of the team. DCO Tomsett

reported that upon entry he immediately took control of **D87** right arm to prevent any injury to himself or his colleagues, and gained a straight arm lock. DCO Bryant reported that D87 showed resistance and even though DCO 6.53 Bryant had isolated his arm, he was still able to move DCO Bryant with his strength. DCO Bryant then leaned his bodyweight forward to ensure the arm was isolated, ensuring he was not leaning on D87 chest restricting any breathing. He reported that D87 was shouting and showing resistance, trying to get out of the hold. 6 54 DCO Brown reported that whilst the first three officers were with D87 remaining three officers were instructed to start clearing the room of all objects they could see. Once all the items were cleared, \_\_\_\_\_\_\_then became even more aggressive to the point where all remaining officers were needed to intervene. At that time D87 had managed to work his way up to a sitting position. DCO Bryant reported that he was struggling to maintain the hold and lent more of his body weight forward onto D87 left arm. At that point he felt the hand of another officer on his back, which secured his position and balance. D87 also attempted to kick out with his legs but was unable to do so as DCO Bryant's legs and body were in the way. 6.55 DCO Bryant and DCO Tomsett maintained their holds until all items had been removed, and the ligature was removed from around **D87** neck. DCO Tomsett reported that DCM Robinson instructed them to leave the room one at a time; after he had left the room DCO Tomsett took it upon himself to be ready to shut the door when the last member of the team had left the room, which he did at approximately 19:50 hours. 6.56 DCO Murphy reported that D87 failed to understand that they were trying to assist him and prevent him being injured or worse; he just thought they were trying to hurt him. At no point did DCO Murphy see any officer do anything other than try to restrain **D87** to prevent harm. 6.57 DCM Caroline Dance-Jones 6.58 DCM Dance-Jones reported that at approximately 19:00 hours she was positioned outside looking into D87 room through the window. There were concerns over D87 as he was sitting on the desk with a bed sheet made into a ligature around his neck. In addition to that there was also a green towel draped over his shoulders and round his neck, however that did not appear tied and movement could be seen, which was consistent with breathing. It was necessary to observe D87 in this way, as he had covered his spy hole. DCM Dance-Jones reported that a team were being assembled outside of the room and she was relaying her observations via radio to them. 6.59 DCM Dance-Jones reported after the team had exited the room! produced a pillow case, ripped it and placed it around his neck. He quickly removed it and wrapped it around his right fist as if it were a boxing glove. She continued to observe D87 through the window and he then proceeded to

direct his anger and aggression towards her. She was unable to hear what he was saying, however the anger in his face was evident and unmistakable.

DCM Dance-Jones reported that throughout the rest of the time she was located on the constant observation she appeared to be the intended target for D87 abuse; during that time D87 repeatedly exposed his genitalia at her, shaking it and appearing to suggest that she should be looking at it. He also exposed his backside on two occasions; and suggested that he would track her down and simulated that he was going to shoot her in the head, using both hands as guns. D87 also punched the window with his hand the pillowcase was tied round and insinuated that it was intended for her face.

# 6.61 **SUMMARY OF OTHER EVIDENCE**

- 6.62 DCO Sean Sayers and DCO Aaron Stokes
- Annex Di-Dii

  Both DCOs provided a written response to questions asked in relation to a statement made by D87 and their interaction with him. Their responses, as applicable have been added to the Consideration of Evidence and Conclusions section below.
  - 6.64 <u>Steve Skitt Centre Deputy Director, Sara Edwards Duty Director and DCM</u> Ben Shadbolt
- Annex Ei-Eiii All three were interviewed on 29 August 2017 and provided information pertaining to the rationale behind the decisions made regarding **D87** and their responses to issues **D87** raised at his PSU interview. The information they provided has been summarised and annexed in full; extracts, as applicable, have been detailed in the Consideration of Evidence and Conclusions section.
  - 6.66 G4S Documents Non Incident Specific
  - 6.67 Care and Separation DCF 1 DC Rule 40
- Annex 6.68

  This form recorded the actions and observations of D87 when he had been relocated into Rule 40 on 27 June 2017, until he was removed on 29 June 2017. D87 was placed into Rule 40 for having made threats to take a member of staff hostage due to the Home Office not updating him on his case. Due to the seriousness of the threat he was placed on to Rule 40.
  - On 28 June 2017 at 15:00 hours it was recorded the D87 had continued to make statements of a serious threatening nature if he was not removed from the CSU. He had since started flooding his room and his behaviour was up and down. He had said he would not return to his room if let out for a shower. A 24 hour extension was authorised.
  - 6.70 Care and Separation DCF 1 DC Rule 40
- Annex By 6.71 This form recorded that **D87** was located into Rule 40 on 30 June 2017 at

**OFFICIAL - SENSITIVE** 

13

18:30 hours, and removed on 14 July 2017 at 08:50 hours with Tascor crew for relocation to HM Prison.

- 6.72 The Record of Actions and Observations began on 30 June 2017 at 17:50 hours (and ended on 14 July 2017 at 08:50 hours). There would be too many observations to repeat within this report; In particular it is noted that it was fully recorded that D87 had covered up his hatch so that staff could not see in to his room; and it was noted how poor the vision was to see in through the window from the outside. D87 remained irate and continued making threats for a prolonged period of time.
- 6.73 It was first recorded that **D87** threatened to hang himself at 18:40 hours. Further notes were made every few minutes of actual movements, or movements consistent with breathing. It was recorded that a team entered the room at 19:45 hours; and after they had exited that he displayed aggressive behaviour and made threats to staff; including exposing himself on two separate occasions to the female officer outside his window.
- The first reporting of <a href="D87" requesting a drink was at 20:30 hours; and then at 20:35 hours he was kicking his door and motioning that he needed food and water. No further observations were reported until 10:55 hours the following day when he was seen by the Duty Director and Oscar 1; whereby they reported that <a href="D87">D87</a> version of events were different to those evidenced on camera.
- 6.75 G4S Documents Incident 1
- 6.76 Report of Injury to Detainee
- Annex Bii This form was completed by RMN Persaud on 30 June 2017. He recorded the time of examination as being 17:45 hours; and reported that **D87** was seen by Healthcare from the window hatch. Mobilising well in his room. Very agitated and unpredictable in his behaviour. He made the move very difficult and he was verbally aggressive and made threats.
  - 6.78 Temporary Confinement DCF 3 DC Rule 42
- Annex Biv This form recorded that D87 was located into Rule 42 on 30 June 2017 at 17:30 hours, and removed the same date at 18:30 hours. The form was completed by DCM Brackenridge who recorded that D87 had been placed on DC Rule 42 and constant supervision. He had displayed violence towards the control and restraint team when relocated to the CSU for threats to staff. De-escalated to DC Rule 40.
  - 6.80 G4S Documents Incident 2
  - 6.81 Use of Force DCF 2 DC Rule 41
- Bvii 6.82 This form noted that the use of force commenced at 19:45 hours and was completed at 19:50 hours; and the reasons for use of force were preservation

of life. Six DCOs and DCM Shadbolt were listed as the officers involved in the use of force incident. It was noted that Nurse Nicola Wells was present throughout the incident and that \$\overline{D87}\$ did not sustain any injuries.

6.83 Report of Injury to Detainee

This form was completed by Nurse Wells on 30 June 2017 at 19:50 hours. She reported that **D87** had to be restrained by six officers as he threatened to take his life. He refused to remove cover from panel and was non compliant when asked to respond. **D87** had an item tied around his neck that was cut off by supporting officers, and all items removed from his room. **D87** was verbally threatening towards Oscars and officers. She noted the time of the examination as being 20:05 hours; and reported no physical marks were caused by any officers; **D87** is still very unpredictable at this present time.

- 6.85 Camera footage and Closed Circuit Television (CCTV)
- Annex Bxiii

  The footage comprised of four discs, two for each incident. For both incidents there was a briefing provided by the DCM in charge, the actual incident, a debrief, and Healthcare reporting no injuries to **D87**
- Annex 6.87 The full details of both incidents are attached to this report; a thorough summary of each incident has been detailed below in the Consideration of Evidence and Conclusions section to detail exactly what occurred. The footage corroborates the accounts provided by the officers in their reports.
  - 6.88 Extracts from D87 Medical Records
- Annex 6.89

  D87 medical records were requested via fax on 7 July 2017, to include data from 29 June 2017 to the present date. The records were received via efax on 28 July 2017.
  - 6.90 In summary the records included data from 31 May 2017 to 28 July 2017. For the first incident on 30 June 2017 there was a record noting that <a href="D87">D87</a> had been placed on Rule 40 and that an F213 form was completed.
  - The second incident was recorded on 1 July 2017; it was reported that Healthcare were asked to assist as D87 was threatening to self harm. The officers were going to restrain as he had covered the window to his cell door and the window so nobody could see him. Two staff members from Healthcare went to assist; and they reported that D87 was not replying to anyone that was asking if he was responsive D87 was seen breathing through the back window. Six officers forced entry to his cell, restrained him and removed all items that he could hurt himself with D87 was swearing and trying to fight against the officers. No harm came to D87 and all physical signs were good. After all the officers left his cell D87 arried on swearing and banging against the door. Healthcare remained until asked to go to the de-brief.
  - 6.92 **D87** was seen by a doctor on 4 July 2017, as part of a daily review, and no

issues were raised.

	6.93	Home Office Documents
	6.94	Computer Records (CID)
Annex G	6.95	page has a history of criminal damage and threats to kill; and has had a number of restraining orders taken out against him. Whilst within the Detention Estate he has been verbally aggressive to staff, threatened physical harm, on several occasions, and made threats to take a member of staff hostage due to the Home Office not updating him on his case. The latter incident was the reason why page was originally placed onto Rule 40 on 27 June 2017. He remained there due to further threats made that he would do something more serious if kept on Rule 40. page was moved onto Eden Wing for monitoring on 29 June 2017, pending his transfer out of the Centre.
	6.96	Both incidents under investigation were recorded on CID in brief; and D87 subsequent threats made to the Tascor officers when being escorted to HMP. D87 had stated 'When I get bail on Monday (17 July 2017), I will come straight to Brook House and come for Deputy Director and Duty Director'.
	6.97	was released from Detention on 20 July 2017, as ordered by the Court.
	7.	CONSIDERATION OF EVIDENCE AND CONCLUSIONS
	7.1	The investigation of complaint regarding his alleged treatment during two separate incidents on 30 June 2017, whilst detained at Brook House IRC has now been concluded. His complaint is essentially that he was assaulted on two separate occasions by two different teams of officers and he suffered injuries as a result.
	7.2	D87 was interviewed by the PSU on 11 July 2017 and provided further details of the incidents. Comprehensive Use of Force Incident Reports were provided for both incidents, by all officers involved, which Mrs Shipp deemed sufficient to respond to the allegations raised, alongside the audio camera footage of both incidents, without obtaining further information from the officers involved. However, additional information was obtained from Steve Skitt, Deputy Director, Sara Edwards, Duty Director and DCM Shadbolt, in order for Mrs Shipp to provide D87 with a full response. In addition medical records were obtained and examined.
	7.3	Having studied all of the above reports provided by the officers present during the incidents, and the other documentary evidence, this investigation has found them to be credible and consistent. All statements contain corroborative evidence, backed up by the CCTV and camera footage. The accounts given by Brook House IRC staff of what took place and their perceptions of events are very different to D87 own view of what took place. However, after considering all of D87 concerns and based on the balance of probability,

Mrs Shipp has found that all members of staff acted in a professional manner and followed Home Office procedures and guidelines.

- 7.4 Taking account of the evidence gathered there is insufficient evidence to substantiate that D87 was assaulted or mistreated during either incident. It is therefore concluded that the allegations made by unsubstantiated for the reasons outlined below.
- 7.5 Allegation 1
- 7.6 **D87** alleged that on 30 June 2017 at approximately 17:20 hours he was attacked by a group of officers in his cell, which resulted in injuries.
- 7.7 Review
- At his interview with the PSU **D87** explained that around 17:20 hours his door was opened and he assumed that it was for dinner; he was on the phone talking to a member of his family. When he turned to the direction of the door he noticed two officers, DCM Shadbolt and DCM Brackenridge. He said they told him that he was going back to the CSU because he had made threats to staff; he questioned when and who he had made threats too. **D87** said they were quite inconclusive and they were not going to tell him anything, bar that he had made threats to staff.
- 7.9 **D87** said he was a bit reluctant to comply right away because it was becoming very annoying. He said they had ignored his question for them to explain what threats he had made and to whom; and he had not long since left the CSU to progress to Eden Wing, and then they were asking him to go back. He said he had not committed any violent offence, and was very sure that he had not made any direct threats to staff.
- 7.10 **D87** said they were saying he had to go with them; and they said they had a team. He said they had already geared up some members of staff waiting on the side to attack, where they had assumed he was not going to comply.
- 7.11 **D87** said he stood up and sat on the table and DCM Brackenridge commanded the same officers that he was in the office with earlier (DCO Sayers and DCO Stokes, and a couple of other officers) to run up to him without warning, and that was the first attack. He said as they ran up to him, he had his hands in front of him to protect himself from the shield. He said he was saying 'What are you doing? What are you doing?' He said he persistently kept asking the same question; as well as asking why they were doing it. He said they kept ruffling him, trying to grab him; trying to put him on the ground.
- 7.12 D87 described that he was six foot four and weighed about 20 stone. He said he was quite strong and heavy; so it would not have been easy for them to try to take him. He said with slight resistance, he kept repeatedly asking them what they were doing. He said he was still compliant, walking towards the door, out of his room. He said as he walked out the door, they managed to grab his two hands in a lock position. He asked them to leave him alone; and

again asked why they were doing that to him.

7.13	D87 said they struggled with each other; they were trying to forcefully move him literally from Eden Wing to the CSU.
7.14	D87 said all he kept asking was 'Why are you doing this? What are you doing? Just leave me alone!' He said they kept restraining him; and there was no need for it. D87 said two officers were holding him and they all fell to the floor together, and he was on his back. He said another officer grabbed his head and pinned it onto the floor.
7.15	<b>D87</b> said they managed to stand him up and as they stood up he was walking with them, quietly, to the CSU, but as they were walking he kept saying 'Why are you doing this? What are you guys doing? This does not make any sense. You have come up with lies that I have threatened people. Can you tell me who I have threatened?'.
7.16	said he was walking with them; there had not been any fight or any resistance, as such. He said he walked into the CSU room that was allocated to him; and to show them that he was compliant, as soon as he walked in there, two of the officers, including the third one which was DCO Sayers, who he genuinely had a good rapport with, was still stood there saying D87 calm down, calm down'. Said he said to them 'I can't believe you guys are being like this. Why are you doing this Sean?' He said he sat there and when they walked out of the room, he did not run after them; he did not attackanyone. He said once the door was shut, he sat in the room quietly, pacing around, a bit pissed off. D87 said he was volatile, as understandably he was very upset.
7.17	DCM Brackenridge recorded during the briefing he gave to staff on 30 June 2017 at 17:25 hours that earlier on that day D87 had made significant threats towards Home Office G4S and Chaplaincy staff. He said that the Duty Director had requested that D87 be placed onto Rule 42 for those reasons, and it had been decided that a planned intervention was the only course of action left. He said he had checked D87 record and his history was as follows; that he arrived at Brook House IRC on 22 March 2017; he was previously arrested for threats to kill and criminal damage. He said D87 had previously smashed furniture in their Healthcare Department and had been abusive and threatening towards staff. He had threatened to take a member of staff hostage only a few days ago, and he was taken to the CSU, and then again he had made several threats that morning towards Home Office, G4S and Chaplaincy staff.
7.18	DCM Brackenridge said that the plan of entry would be facilitated by himself; the team would gain control of

**OFFICIAL - SENSITIVE** 

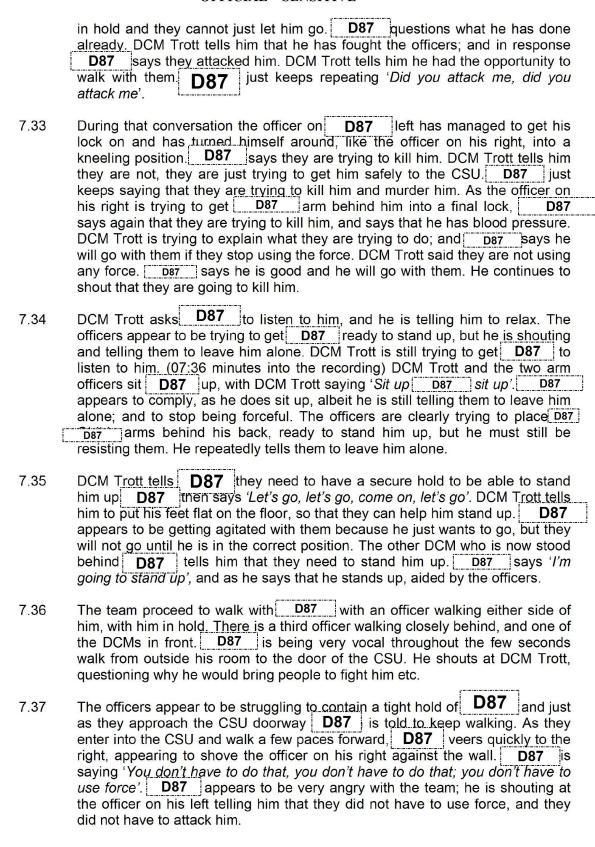

Parpworth and Sayers, and support officers DCOs Stokes and Bromley); DCM Mark Trott was also present in his capacity as a Control and Restraint

Instructor. There were also two members of staff present from Healthcare.

7.19	The camera footage of the incident lasted 10:21 minutes; and has been summarised below, to detail what happened.
7.20	The recording began with DCM Brackenridge opening the cell door and entering D87 room; he said 'Hello D87 was lay on his bed on his phone, so he tells the person he will call them back, and sits up and places his legs on to the floor. DCM Brackenridge tells him that he said he would go back and speak to him and he has spoken to the Director and due to some remarks that were made earlier on that day, the Director has assessed that he was to go back down to the CSU. D87 said 'Sorry?' DCM Brackenridge said again that due to the remarks he had made that morning
7.21	that he had said if he was not given some answers he was going to hurt people. D87 said 'What are you talking about' and appeared confused. DCM Brackenridge said he would explain it all to him when they were back in the CSU. D87 questioned again what remarks he had made and when he had made them; and DCM Brackenridge told him that it was earlier on that morning and again that they would discuss it in detail when he was back down to the CSU. He told D87 that he had told him that he would come back and speak to him and that is what he was now doing; he said the boss had requested he be moved back down to the CSU. When questioned again he told D87 that a report had been submitted with the remarks he had made and that was the reason for his move to the CSU.
7.22	DCM Brackenridge said he needed
7.23	DCM Brackenridge said again that he needed
7.24	DCM Brackenridge explained to D87 that the officers would be closely following him down, and he would be searched and then placed into the room.

	and they would go from there. DCM Brackenridge said to the team 'So guys, nice and tight as we walk down'; and he explained in what positions he wanted them to walk. D87 was still tying his shoelaces, very slowly). D87 looked up and said 'Have you come to fight me?' DCM Brackenridge said 'No one wants to fight anybody D87 questioned what he had brought a team for. DCM Brackenridge explained that it was in the event that he had not agreed to go with him D87 said he had not said anything.
7.25	DCM Brackenridge explained that as he had already told him, once they were in the CSU he would get to speak to the Duty Director and then the Home Office the next morning, who could answer any questions he had. D87 continued to protest his innocence, in saying that he had not said anything, and he asked who had said he had. DCM Brackenridge said he did not know who it was; but that they needed to get him down there D87 continued to talk over him, and continued to question why he needed to go to the CSU. DCM Brackenridge said it was for the reasons he had explained. D87 again questioned why they had come to fight him. DCM Brackenridge said that no one wanted to fight him. D87 questioned why they had brought a team, and DCM Brackenridge said it was because that was what they do. He told him he needed him to walk out of the room and walk to the CSU with him.
7.26	DCM Brackenridge asked D87 if he was going to walk out of the room with him quietly or would the omcers have to come in for him. As he said that D87 began to stand and said 'Do you want to fight with me'. He is now stood up in an aggressive stance and telling them to come and fight with him. DCM Brackenridge said no. D87 repeated 'Come and fight with me' as he gestures with his hands, and walks towards DCM Brackenridge in the doorway. DCM Brackenridge tells D87 that the officers will have to come in for him, and D87 stands with his arms crossed and says 'Come and fight with me, come and fight me'. Again DCM Brackenridge asks him if there is anything he can say or do that will make him walk out of the room. D87 questions what he means by that in repeating the question, and DCM Brackenridge tells him it is his last chance. He again asks if he is going to walk out of the room or do the officers have to go in and take him. D87 s still questioning why, so DCM Brackenridge says 'Okay guys', and the team enter the room.
7.27	The three officers, in full PPE, enter the room with one shield, which is soon cast aside as it appears to be in the way. The officers are trying to get hold of D87 but he is just batting them away whilst saying 'Why are you trying to fight me?'. There are three officers, one stood in front of D87 and one either side trying to get a hold of his arms. DCM Brackenridge says 'Guys take control of him'. D87 is resisting and saying 'Don't fight with me, leave me alone'. There is a fourth officer, in PPE, stood just behind the team with D87 is repeatedly telling them not to fight him, and to leave him alone. The team are trying to communicate with D87 but he just keeps repeating 'Why are you fighting me'. The officers are not fighting him, they just appear to be stood trying to keep hold of his arms, which D87 is making difficult. DCM Brackenridge says D87 just listen to the officers and walk out of the room with them'.

7.28	D87 continues to question why they are fighting him, and why they have
	brought in a team. One of the officers is trying to explain to him, and D87 keeps saying 'Just leave me alone'. DCM Brackenridge tells the team to keep
	hold of him (in a calm voice). The team try to move D87 forward towards
	the door, and DCM Brackenridge tells D87 that the officers are going to keep hold of him. D87 is very resistant with the three officers, and one of
	them appears to fall over. Someone is shouting for them to get <b>D87</b> head
	down, and at that point D87 jumps up onto his bed, and the officer stood
	with his left arm stands on the bed with him. There are now two male voices asking the team to take D87 head down; and DCM Brackenridge asks
	DCO Parpworth, who is on standby, if he needs to get involved.
7.29	D87 an be seen holding off the officer on his left, who appears still to be
7.20	stood on the bed, whilst D87 is now back on the ground. D87 ithen
	jumps back up on to the bed, whilst the officers are struggling with him, and
	DCM Brackenridge tells them all to get on the floor. With the strength of D87 then they all fall to the right of the bed and D87 has broken free and
	is pushing them away as he moves backwards towards the door.
7.30	<b>D87</b> is blocked from leaving the room by another officer and then there is a
	a struggle as several of the team and D87 fall to the fall, outside the door.
	DCM Trott has safely taken control of D87 head and can clearly be seen with his right hand or D87 forehead. There is an officer either side of D87
	D87 Ittempting to take control of his arms, and at least one officer controlling
	his legs. D87 is asking why they are fighting him, and stating that they came there to fight with him. DCM Trott tells D87 that all he had to do was
	walk down to the CSU; he is telling him to relax and then they will walk down to
	the CSU. D87 s still asking why they are fighting him; and asking them to
	leave him alone. At this point D87 is under control, as no-one is moving (04:39 minutes into the recording).
7.04	(**************************************
7.31	Whilst lying on the floor D87 says something about his Human Rights. The two DCMs appear to be discussing the next move. DCM Brackenridge asks if
	everyone is alright individually. There is another DCM present who has his
	handcuffs in his hand. He asks D87 if he is willing to walk down to the CSU. D87 tells him what they are doing is illegal, and that they were trying
	to kill him, to murder him. D87 says he has not made any threats. DCM
	Trott tells D87 that they can have a conversation about that once they get
	him down to the CSU. DCM Trott tries to reason with <b>D87</b> but he does not appear to be listening; he is just asking them to leave him alone.
	,
7.32	DCM Trott tells D87 to let the officers do what they need to in order to get down into the CSU and then they can talk. He asks D87 if he is happy to
	be stood up and he says he is, saying 'Let's go, let's go'. He continues to ask
	them to leave him alone, whilst DCM <u>Trott repe</u> atedly asks him to relax his
	arms. The officer on his right arm asks <b>D87</b> not to fight him and <b>D87</b> responds with 'Leave me alone then'. The officer on his right appears to be
	trying to lock off his arm but D87 must be resisting. He is telling DCM Trott
	they need to leave him alone and he will not do anything. DCM Trott tells D87  D87 t is because of what he has done already that they have to stand him up
	שלו ווווי עם מייים או אייים וווי מייים או אייים ווויים ווו

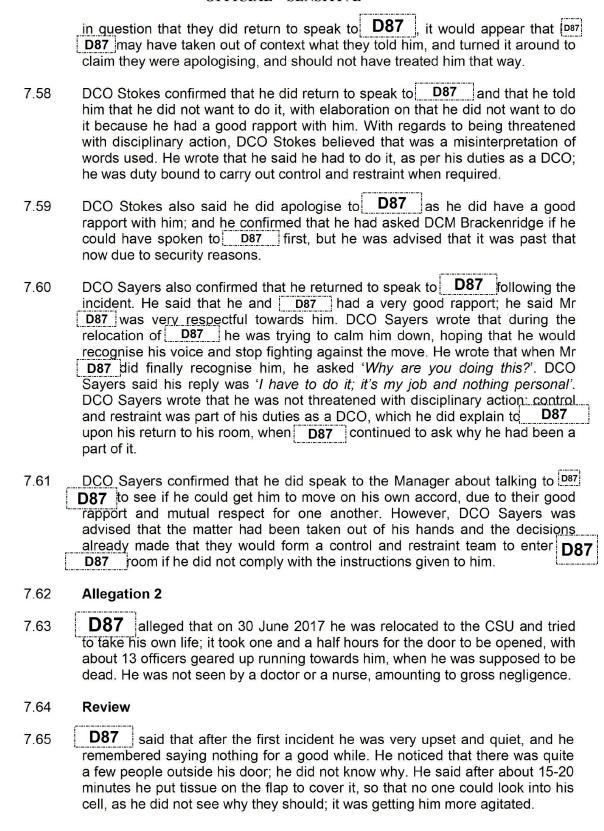

7.38	Another officer in full PPE steps forward and tries to encourage D87 to walk over towards the room he is being placed in. D87 is not really listening, and is talking aggressively at one of the officers/DCMs off camera and questioning why they had to attack him. He says 'You're a prick. You are a fucking idiot'. He is saying this whilst walking forward, as though he is walking towards the person he is talking to. The officers are walking with him, still one on each arm, and one behind, and one in front. D87 says 'If I ever see you out of here. You are a fucking idiot'.
7.39	appears to try and get free and he moves quickly to the right again; and the officers move with him. The officer in front takes a hold of his head and his is bent into the figure of four, and walked quickly into the cell. He is being resistant and asking them to leave him alone.  D87 is walked into the room surrounded by the four officers. DCM Brackenridge asks for a full relocation.
7.40	One of the officers is trying to caln D87 down; and D87 is saying 'Sean if it wasn't you Bruv'. Why are you attacking me'. That officer is following D87 into the room, and appears to be trying to reason with him. D87 sits down on the table, and someone shouts for DCO Sayers and DCO Stokes to come out of the room now. DCO Stokes turns to walk towards the door, but DCO Sayers is still stood in front of D87 DCO Stokes is told to wait by the door, whilst someone shouts DCO Sayers' name. DCO Stokes says D87 I want you to stay where you are Sir' and as he says that DCO Sayers is backing out of the room, still facing D87 All officers are now out of the room, and the door to Room 4 is shut.
7.41	Conclusion
7.42	From the evidence gathered, the decision was made to move the CSU on 30 June 2017 for the threats he had made to harm staff earlier that day, and because his behaviour had become more of a concern. This was confirmed by Steve Skitt at interview. Although D87 disputed he had made the threats and had provided his explanation of what had happened; that was not an issue for this investigation to consider. Irrespective of the reasons behind the move, it should be made clear that this investigation has specifically considered D87 allegations of assault against the officers that were involved in the move, and not at the reasons behind the actual move.

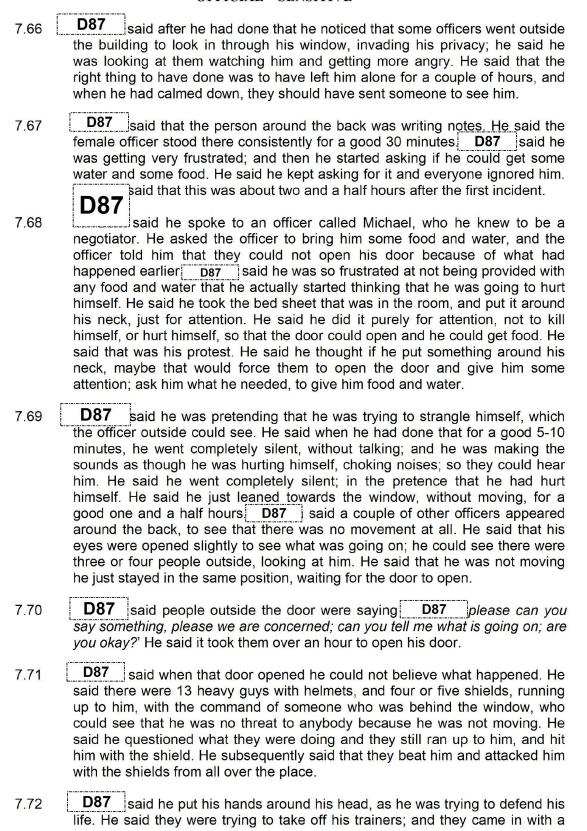

**OFFICIAL - SENSITIVE** 

Annex H

	as alleged.
7.49	There was no evidence obtained to support that D87 was attacked as alleged. The written Use of Force reports completed by all officers involved, backed up by the audio camera footage, provided sufficient evidence that approved control and restraint techniques were used on D87 as a result of his non compliance with instructions. Therefore no officer assaulted D87
7.48	What occurred is clear from the evidence outlined above. DCM Brackenridge remained very calm throughout the time he was speaking to D87 he explained as fully as possible what was happening to D87 and to a degree why. D87 had initially reluctantly indicated that he would go with him, but once he saw the team he changedtack, began to question why again and became verbally aggressive in both his stance and his words. D87 was given nearly three minutes to leave his room of his own accord and he chose not to. Therefore the evidence strongly suggests that DCM Brackenridge was fully justified in sending in the team when he did.
7.47	At his interview with the PSU D87 accepted that he had refused to leave his room with DCM Brackenridge; and accepted that he had been resistant towards the officers. However, he subsequently said his reaction was for his own safety, to get away from the officers, from being attacked, and to try and walk out the room D87 did not believe that he was aggressive in any way; he said he was being resistant, not aggressive. He said that had he have attacked them they would have known about it because he would have injured people.
7.46	Managers, as opposed to the officers in full PPE. It should be noted that it is standard practice for all planned removals to be video recorded, with all staff in full PPE, and Healthcare in attendance. Steve Skitt explained that as in this case, a DCM would go to the door to explain to the detainee what they wanted them to do, and the DCM would take a decision on how to proceed based on the detainee's reactions,. D87 was given several opportunities to walk with the DCM, and he refused, which led to DCM Brackenridge authorising the team in full PPE to enter the room.
7.45	D87 questioned why the relocation took place when it did, when he had been 'chatting' and being friendly with the officers in the office all afternoon. Sara Edwards explained that the decision was made to wait until later in the day, once the detainees were locked back in their rooms, to make it a safer environment for the relocation to take place. Therefore that decision was taken for the safety of both D87 and the officers concerned.
7.44	By way of background D87 was removed from Rule 40 on the morning of the 29 June 2017 onto Eden Wing given a change in his behaviour. However, on 30 June 2017 a number of threats were made by him to staff within the Centre, and his behaviour became one of concern; for staff safety and for the security of the Centre, the decision was made by Steve Skitt and overseen by Sara Edwards on the day to place D87 back on Rule 40, hence a planned intervention was put into place.

7.50	DCO Moshiri reported that he has been a DCO since July 2013, and that D87 was fighting with a level of aggression and violence and with the force that during his years of service as a DCO, he had not seen before.
7.51	With regards to injuries sustained as a result of Incident 1, D87 said he had injured his knee from how he had dropped to the floor on his back. He explained that his knee felt sore and painful; he could walk around but he had been complaining for the last week and a half about it. He said he had bruises on his arms, and scrapes/grazes on his elbows on both arms because of the force used and from the clothes the officers wore.
7.52	No injuries were reported within <a href="D87">D87</a> medical records; and when asked on the video recording if he had any concerns regarding <a href="D87">D87</a> the Healthcare nurse, Deejay Persuad, said that <a href="D87">D87</a> was observed by Healthcare, he was fully mobile in his room, very intense, very aggressive, and still remained very agitated. He said he was observed from the hatch of the door with no injuries; he was fit and well; and still remained unpredictable in his behaviour.
7.53	It should be noted that officers are permitted to use force when dealing with disruptive or non-compliant detainees and they are trained in the use of approved control and restraint techniques. As a general principle, control and restraint techniques are intended to minimise injury to those involved. However, injury cannot always be avoided if the detainee is determined in his resistance. If <a href="D87">D87</a> did sustain any minor injuries, as alleged, it would have been due to his own resistance shown towards the officers and therefore any minor injuries he may have received were as a result of his own actions, and not down to any inappropriate use of force displayed by the officers. Had <a href="D87">D87</a> have walked with DCM Brackenridge when requested, the officers would not have been required to intervene and restrain him.
7.54	It is concluded that D87 was not assaulted by the officers during his relocation from his cell on Eden Wing to the CSU. The force used by the officers was justified, proportionate and necessary; D87 was only subjected to recognised restraining techniques due to his non compliance with the initial instruction to walk, and his subsequent resistance shown towards the officers.
7.55	Based on the examination of all the evidence, on the balance of probability it is found that this part of D87 complaint is unsubstantiated.
7.56	In addition to the above D87 alleged that DCO Sayers and DCO Stokes visited him later that same evening to apologise for the way he had been treated; and told him that they had been threatened with disciplinary action if they did not do it. D87 believed it spoke volumes that they had apologised; he also said they had tried to tell their Manager that he was a reasonable man.
7.57	Both officers provided their written response to this aspect; and whilst it is not

sharp cutter to cut what they thought was a ligament around his neck; but he had the bed sheet around his neck like a scarf. He said from outside they could see that it was around his neck like a scarf, not tight around his neck.

- 7.73 said they took the bed sheets, the pillows, the mattress; he said they took anything that was material in the room. He said as they left, they all ran back, retreated one after the other. He said once they had all left the room he was very angry, very upset. He said he went to the side of the door and said 'You guys are so evil; I wish all off you die of cancer'. He said he became very volatile; and was saying many things. D87 said they had left one person on his door, as he was on a constant watch because of him allegedly attempting to kill himself; but as he still had the flap covered, the officer had to go around the window to observe his actions.
- 7.74 DCM Robinson recorded during the briefing he gave to staff on 30 June 2017 that the current situation was that **D87** vas moved to the CSU for making threats to members of staff. He said he caused significant harm to two members of staff that had just been sent to hospital. He said he was now located in a CSU room where he had blocked his spy hole and had also tried to block the back window. He said they had two members of staff that still had visualisation of him at the moment, but he had made significant threats to self harm. He said they believed he had tied a ligature around his neck, although he was sat with it on his neck, on the bench or on the desk at the back of the room. He said he had contacted the Duty Director, Sara Edwards, and it had been decided that a planned intervention was the only course of action.
- DCM Robinson said that the plan was for entry to be facilitated by himself; due to bar demeanour and behaviour he was going to open the door and the team were going to go in and take control of bar as quickly and safely as possible. He said once under control, handcuffs would be applied by himself if required. He said that the relocation point would be the same room, but they were going to go in there by the orders of the Duty Director and take anything away that bar could cause harm to himself with; they would then exit the room as safely and as quickly as possible.
- 7.76 DCM Robinson said he had selected two teams of officers who were currently certified in the use of force to carry out the intervention. He said that the reason they were using two teams was again because of D87 physical size and his ability earlier on to cause significant harm and damage to members of staff.

DCM Robinson read out the names of the officers on each team, three on each one with one officer as support to both. He said the plan was that once D87 was under control the second team would go in and remove everything.

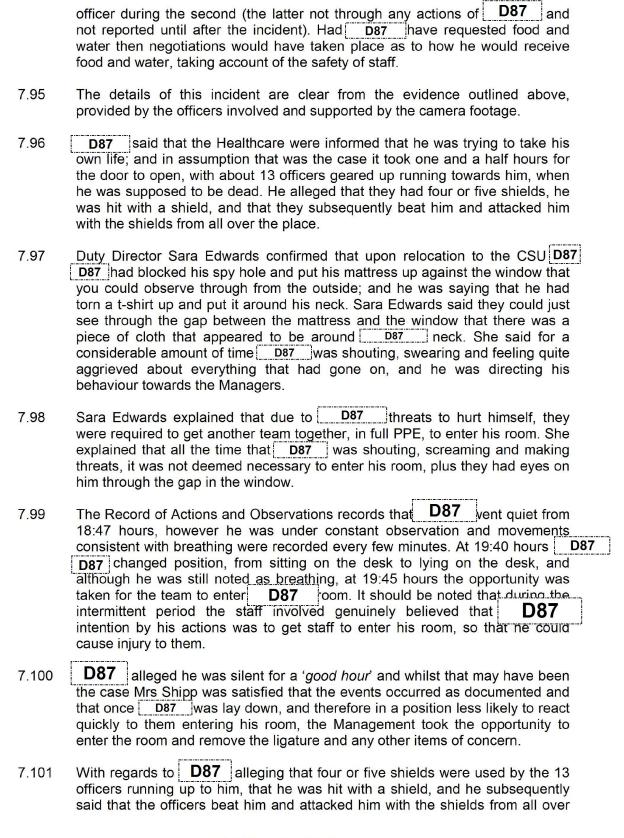

7.77 DCM Robinson said that Healthcare had been informed of the planned intervention and had stated that there were no medical concerns. DJ Persuade and Nicola Wells Healthcare staff members introduced themselves and stated that they had no physical concerns; D87 was fit and well, but he was still unpredictable in his behaviour.

7.78	DCM Robinson said that as they had been advised that <b>D87</b> was now lay on the bench (updated during the briefing), as they entered the room they would place the shield over <b>D87</b> and if he was to get up at any point, or not listen to any instructions, then they would initiate full control and restraint.
7.79	The recording of the actual incident lasted 05:59 minutes (the reports note the time was 19:45 hours). DCM Robinson was facing Room 04 and asking Mr politely if he would mind taking the covering off the observation panel. There was no response. DCM Robinson said that earlier on particle par
7.80	After another couple of seconds there was no response, so DCM Robinson used his keys to unlock the door. He immediately moved aside for the first team of three officers (the front one carrying the shield) to enter the room at pace. A fourth officer in PPE entered (to remove some bedding) followed by DCM Robinson, who was talking to D87 can be heard asking the officers what they are doing and why they are attacking him; and him telling them to leave him alone. DCM Robinson tells D87 that no-one is attacking him (calling him Sir throughout). He told him that he wanted him to lie still and listen to their instructions. He told D87 that he was not under attack; and he told the fourth officer to remove D87 shoes.
7.81	The three officers can clearly be seen standing over D87 (not moving), and D87 is shouting 'What are you doing'. DCM Robinson stepped forward to ask D87 to talk to him, whilst one of the three officers went around to D87 head area to try to remove the ligature from around his neck (he subsequently had to take off his gloves, which he handed to DCM Robinson, to enable him to cut the ligature away). D87 is asking them to just leave him alone, and go away; and asking what is wrong with them.
7.82	DCM Robinson continues to talk calmly and politely to D87 referring to him as 'Sir'. He is trying to explain what they are doing, but D87 is shouting over him. Throughout this time D87 has remained lying down, with his knees bent, with the officers leaning over him, with the shield. The ligature is removed and the officer throws the ligature and the knife along the floor towards an officer by the door. That officer has now stepped back away from D87 head, and DCM Robinson has moved into his place to talk to D87 who is still shouting over him. As D87 continues to shout DCM Robinson and one of the officers in full PPE are passing items out of the room.
7.83	DCM Robinson invites another officer in full PPE inside the room to check the toilet area. He continues to ask D87 to listen to him, but D87 continues to shout and raise his voice. The male Healthcare nurse has now entered the room, and is overseeing what the officers are doing. DCM Robinson tries to explain to D87 what they are trying to do, but D87 makes it very

difficult for him to speak and be heard due to his constant talking back at him

in a very loud voice. DCM Robinson explains at \_\_\_\_\_ request why they are there, and D87 may then be heard to shout for the camera, and DCM Robinson tells him that it is inside the room. At that point the camera is moved nearer, so that the viewer can see D87 7.84 **D87** face; he is turned slightly towards DCM Robinson whilst he is questioning what they are doing. DCM Robinson says they are not attacking him; and D87 shouts that they are manhandling him. D87 asks where they are moving him too, and DCM Robinson tells him they are leaving him there. Then D87 suddenly tries to sit up and all of the officers surrounding him appear to try and contain him from doing so. There are four officers in full. PPE with a fifth officer just entered the room. DCM Robinson is telling D87 to calm down and listen to what he is trying to tell him. The officers appear to have the shield between them and **D87** who is now sat up, and continually shouting at them in an aggressive manner. D87 is very vocal; DCM Robinson is telling him that they will be leaving the 7.85 room, but that he needed assurances from him that he would not struggle against the staff as he released them from the room. DCM Robinson proceeded to ask the officers to leave the room one at a time; but after the first one had left he noted that D87 still had his trainers on so he told him that they needed them, due to them having laces on them. D87 is shouting again. He is shouting about them attacking him and telling them to leave the room. DCM Robinson tells D87 again that he needs his shoes because he was concerned if the laces were left that he could hurt himself with them. DCM Robinson moves himself round to be more in **D87** vision: there are 7.86 now six officers in the room in full PPE; five surrounding D87 and one stood to the right of DCM Robinson. It is that officer who bends down to remove D87 shoes; and whilst doing this D87 becomes very loud and is clearly pushing back against the officers, as they all start to move. DCM Robinson tells him again that all he needed to do was to let the officer take his trainers. **D87** is still shouting and trying to push back against the officers and the shield. The officer stood in front of D87 tells him that they are just trying to help him, and D87 is telling them just to let him go. continually tells them to stop attacking him (they are just stood in front of him with the one shield). DCM Robinson again tells **D87** that they will retreat backwards, but they 7.87 will use the shield continuously for their own protection p87 says that he has not attacked anyone, which DCM Robinson agrees with. He wants D87 to calm down and stop shouting at them. He continually tells them to go; and tells them to run several times; they all exit the room one at a time, with the shield officer last; D87 remained sat on the table, albeit shouting in a threatening manner, telling them to go and asking why. DCM Robinson thanked the team once they had closed the door. The recording ended. 7.88 At 20:16 hours DCM Robinson recorded the de-brief. He said that they had got information from a member of staff that was outside that D87 was lying

	open the door, to enter the room, to place the shield over him. He said	
7.89	At 20:20 hours DCM Robinson recorded that he wanted to confirm that Healthcare were present throughout, and they stated there were no medical concerns regarding D87 A female nurse reiterated that saying D87 was very unpredictable, but no medical issues at present. DCM Robinson thanked the staff for their good work.	
7.90	Conclusion	
7.91	alleged that he was so frustrated when in the CSU that he said he was going to take his own life because he was denied food, water and extras.	
7.92	Sara Edwards advised that D87 had eaten at lunchtime that day; and his next meal would have been due at about 17:30 hours. As that was the time that the first incident took place, it was unlikely that D87 would have been served his evening meal beforehand. She said D87 would not at that point have been offered food and water, as they would have presumed that he was going to be given his evening meal once relocated into the CSU. However, as a result of D87 actions that followed, from relocation to them going in the second time, his behaviour was escalating as opposed to deescalating. Therefore the risk to staff would be significant in view of D87 violence and his threats to hostage take; so it would not have been deemed safe for the staff to have entered his room for that purpose, during that time period; they would have only entered for preservation of life, which is what subsequently happened.	
7.93	It should be noted that the first record on \$\bigcup \bigcup \text{P87}\$ Record of Actions and Observations of him motioning that he required a drink was at 20:30 hours, and then at 20:35 hours he was kicking his door and motioning that he wanted food and water. Both of these were after the second incident had occurred: and therefore, there is no corroboration that this was the reason that \$\bigcup \bigcup \bigcup \bigcup \text{T87}\$ chose to pretend he was taking his own life \$\bigcup \bigcup \bi	
7.94	It is relevant that three officers were injured during the first incident, and one	

the place. The camera footage is very clear; and from the evidence gathered the officers had been instructed to enter the room, using the one shield to prevent D87 from moving; the primary concern was to remove the ligature from around D87 heck that he had threatened to kill himself with. They then gathered up anything else in the room that they perceived D87 could potentially use as another object to hurt himself with, and then they left the room.

- 7.102 The audio camera evidence confirms that it is the staff who provide a true account of what occurred. It demonstrated that once the door was opened by DCM Robinson, three officers in full PPE initially entered the room at pace, with the front officer holding the shield to secure D87 and then a fourth officer followed to remove some bedding, followed by DCM Robinson, who spoke to D87 Once the ligature was safely removed a fifth officer in PPE entered (to check the toilet area), closely followed by the male Healthcare nurse. It was only when D87 sat up that a sixth officer in PPE entered the room, five surrounding and the sixth removed his shoes, at which point D87 started to push back against the officers and the shield, and the three officers in front of D87 were each supported by one of their colleagues to reinforce the barrier.
- 7.103 The officers were in D87 room for just under six minutes. During that time there was no evidence obtained to support the allegation that D87 was treated inappropriately by the officers; at no point was D87 hit or attacked by either a shield or the officers involved in the incident. The written Use of Force reports completed by all officers involved, backed up by the camera footage, provided sufficient evidence that the force used was necessary and reasonable to secure D87 whilst the ligature was removed from around his neck, and to ensure that D87 had no articles in his room that could be used for further self harm attempts, whether genuine or not. Proportionate force was used in terms of the level of resistance and non compliance D87 was demonstrating, once he tried to push back against the officers. The force was used only as long as it was necessary to make the room safe; and as soon as that was completed staff released their holds on D87 one by one, and exited the room as quickly as possible.
- 7.104 With regards to injuries allegedly sustained as a result of Incident 2, Said his face was injured because they banged him with the shield on his face. He said his whole body was hurt; his head, his shoulders, his neck, his legs. He said he was offered no medical attention. D87 alleged that he was not seen by a doctor or a nurse, amounting to gross negligence.
- As is evident from the details obtained during this investigation, Healthcare staff were in attendance throughout both incidents, and reported no injuries sustained. For Incident 2 no medical evidence was received to substantiate D87 allegations. Healthcare Nurse Wells was present throughout the incident and she reported that D87 did not sustain any injuries. She noted on the Report of Injury to Detainee form that the time of the examination was 20:05 hours; she reported no physical marks were caused by any officers, and that D87 was still very unpredictable at that time.

7.106	As noted for Incident 1 officers are permitted to use force when dealing with disruptive or non-compliant detainees and they are trained in the use of approved control and restraint techniques. However, during this incident the force used was very minimal, in that the officers only secured D87 back using the shield, and the weight of their own bodies, which would have been highly unlikely to have resulted in any injury to D87		
7.107	Based on the examination of all the evidence, on the balance of probability it is found that this part of D87 complaint is unsubstantiated.		
7.108	It should be noted that following this second incident, once everyone had exited <b>D87</b> room, <b>D87</b> continued to be observed by DCM Dance-Jones through the external window. She reported that <b>D87</b> proceeded to direct his anger and aggression towards her, and during that time he repeatedly exposed his genitalia at her, and his bottom on two occasions. In addition <b>D87</b> used hand signs to stimulate he would track her down and shoot her in the head.		
7.109	D87 denies the above allegations, however, this investigation is satisfied on the balance of probability that D87 did act in the alleged manner towards DCM Dance-Jones, as she would have no reason to not report the events as they occurred.		
8.	RECOMMENDATIONS		
8.1	complaints have been unsubstantiated. No discipline offence has been committed by any officer involved in this incident, and no changes in policy or practise would help to prevent a recurrence of this particular type of incident. However, the PSU has identified one recommendation as follows.		
8.2	Contractor – Local – Conduct		
8.3	All the officers involved in the two incidents should be commended for their dealings with \$\begin{array}{c} D87 & and recognised for their efforts during two particularly challenging and protracted incidents. It is evident from all the information obtained that \$\begin{array}{c} D87 & could be a difficult gentleman to deal with; and he was clearly a strong individual. In the circumstances all the officers remained professional and polite with \$\begin{array}{c} D87 & and treated him with respect, despite the manner in which he spoke to them.
