Detainee attended HC demanding I check his blood pressure now as he claims he was told by a nurse to come at this time !

116 / 76mmHg

P 62

Detainee also states that he has paperwork to record his BP on each time he visits but has not brought it with him at this time.

I have advised him to come to HC during clinic time in the day and not at medication time.

Also advised to bring his paperwork with him next time so that today's reading can be added.

Although detainee was not rude he was adamant that I check his BP now

History: medication request

Examination: states ran out asprin was prescribed asprin 15/5 but only has a few left- states been taken more than prescribed has small bruising noted to abdomen, was stating he took more because his blood pressure was high. he became verbally aggressive when i explained asprin was not for blood pressure and this is the most likely cause for his bruising and he must not take more than prescribed.

in light of his non compliance i feel he is unsafe to be allowed to continue having medications In Possession.

Plan: doctor to review admin task.
