Email received from third party (XabYo)

Dear Sarslan

D2953 was arrested this afternoon by the British transport police. I have been asked to see him by the custody Sergeant due to concerns around his mental state. I am aware that he has been prescribed Mirtazapine by Dr Reed at your surgery. Are there any concerns around his mental state and is he known to community mental health services? Can you provide me with details.

Kind regards

Nadeen Sharpe
