Notes:

1. In detention counts the number of people in detention on the last day of the period (e.g. 31 December).
2. This table has not been updated in this release. The latest data here are for 30 September 2022. Data on length of detention as at 31 December 2022 were not available at the time of publication; where possible this information will be included in future editions of this publication when available. For more detail, see the User Guide.
