625 **Callum Tulley:** Do you think one will?
626 **Male Medical Staff 1:** It's a matter of time innit. Matter of time.
627 **Female Medical Staff 2:** Matter of time.
628 **Callum Tulley:** Come on then, if you're going to go, let's go.
629 **Female Manager 1:** [Inaudible] and they're still doing it.
630 **Female Medical Staff 2:** [Inaudible] starting with something [inaudible].
631 **Callum Tulley:** Do you think someone will die here soon?]
632 **Female Manager 1:** It's a matter of time innit.
633 **Female Medical Staff 4:** It's only a matter of time.
634 **Female Manager 1:** It is a matter of time.
635 **Female Medical Staff 2:** **D149**? Open your eyes for me **D149**
636 **Callum Tulley:** Come on then mate, why are you staring?
637 **Female Manager 1:** Come on, keep moving.
638 **Nathan Ring:** [Inaudible] lets go to your wings. Alright, alright.
639 **Unknown Female Speaker 1:** Can we roll him on his side a bit more?
640 [Officers and medical staff roll **D149** so he is lying on his side]
641 **Callum Tulley:** Do you need a hand? Sorry. Okay **D149** all right mate.

649 **Unknown Male Speaker 4:** Is he, do you think it's the spice or [inaudible]?
650 **Female Medical Staff 2:** I think he's taken something else.
651 **Unknown Male Speaker 4:** I bet [inaudible].
652 **Female Medical Staff 2:** Normally it's fine [inaudible]

653 **Unknown Female Speaker 2:** [Inaudible] managed by now.

656 **Unknown Male Speaker 4:** [Inaudible] done it together and he does it all the time as well.
657 **Callum Tulley:** I'm going to have to re-position legs.

659 **Callum Tulley:** Hey? Oh yeah, shit. My legs are killing me.
660 **Female Manager 1:** It's alright, stand up mate. It's fine, we don't, we don't need to have so
661 many guys here.
662 **Callum Tulley:** It's only when he's fitting.
663 **Female Manager 1:** It's only when we try to move him, he [inaudible].
664 **Female Medical Staff 2:** I was going to say, if you need to stretch just --
665 **Female Manager 1:** It's all right, he's not really moving is he. it's only when he has a shake
666 on that [inaudible].
667 **Female Medical Staff 2:** A shake on.
668 **Female Manager 1:** For want of a better word.
669 **Male Officer 1:** Spice fit, [inaudible].

675 **Female Manager 1:** [Inaudible] substance, yeah.
676 **Callum Tulley:** All right.
677 **Female Manager 1:** They dropped the N.
678 **Callum Tulley:** What was the N for then?
679 **Female Medical Staff 2:** **D149** open your eyes, come on.
680 **Female Manager 1:** Erm its gone. Sorry, my brains gone.
681 **Callum Tulley:** Do you have no identifier for [inaudible]?
682 **Female Manager 1:** No. Erm, do you know it's completely gone.
683 **Unknown Male Speaker 4:** Doctor? Is that the doctor? Get them in.
684 **Callum Tulley:** Shall I get him in, yeah. Just maybe rush -- encourage them to go and stop
685 staring [inaudible]. [Leaves corridor and enters courtyard]. Closing now gentlemen, closing
686 now. Okay fellas, take it there. Cheers. Thanks lads, thanks. [Inaudible] doing?
687 **Female Officer 2:** Have you checked behind there?
688 **Callum Tulley:** I haven't actually. Actually, no, not properly, no. Hey? No, you're right. There
689 we go, no one's here. There was only about 20 out here.
690 **Female Officer 2:** [Inaudible].
691 **Callum Tulley:** Oh yeah, yeah, you're right. It wouldn't be the first time someone's hidden
692 behind that.
693 **Female Officer 2:** [Inaudible] triple check.

700 **Unknown Male Speaker 5:** Cool.
701 **Female Medical Staff 2:** [Inaudible] any scissors?
702 **Callum Tulley:** Yeah, fellas, it's time to close now. Brook House, Brook House.
703 **Female Manager 1:** It's sad, innit [inaudible]. This kid is [DPA] years old. Why, they've got
704 nothing, nothing better to do here, you know.
705 [Inaudible cross-chatter].
706 **Female Manager 1:** Sorry?
707 **Female Medical Staff 2:** [D149] [D149] his surname.
708 **Male Ambulance Staff 1:** [Inaudible] hello? [Inaudible].
709 **Male Ambulance Staff 2:** Right.
710 **Male Ambulance Staff 1:** [Inaudible].
711 **Male Ambulance Staff 2:** [Inaudible].
712 **Male Ambulance Staff 1:** Okay. We'll turn this off now. [Inaudible].
713 **Male Ambulance Staff 2:** [Inaudible].
714 **Male Ambulance Staff 1:** [Inaudible] can you get the trolley bed in. [Inaudible].
715 **Unknown Female Speaker 3:** [Inaudible] chair down.
716 **Male Ambulance 1:** He's going to have to lay.
717 **Unknown Female Speaker 3:** [Inaudible] the chair.
718 **Male Ambulance Staff 1:** Because if he fits. [Inaudible].
719 **Female Medical Staff 2:** He's been on and off for 45 minutes. He had [inaudible] for about
720 30 seconds.
721 **Male Ambulance Staff 1:** Okay.
722 **Female Medical Staff 2:** But he's been [inaudible].
723 **Male Ambulance Staff 1:** [Inaudible] like this?
724 **Female Medical Staff 2:** Yeah.
725 **Male Ambulance Staff 1:** I'll put a line, just in case. We've got a bit of a journey.
726 **Female Medical Staff 2:** Okay, do you want him a bit more to his hip or are you all right
727 there?
728 **Male Ambulance Staff 1:** To be honest I'm used to doing it on toilets and stairwell so he
729 should be all right.
730 **Unknown Female Speaker 4:** Keep going, back to your rooms please guys. Come on, how
731 would you like it if it was you lying there? It's not nice.
732 **Male Ambulance Staff 1:** [Inaudible].
733 **Female Medical Staff 2:** [Inaudible] times we warn them. [Inaudible].
734 **Male Ambulance Staff 1:** Yeah, see what happens [inaudible].
735 **Female Medical Staff 2:** His sats are better than [inaudible]. 73 [inaudible].
736 **Male Ambulance Staff 1:** Can you move him over your way a little bit more? That's perfect.
737 **Male Ambulance Staff 2:** [Inaudible] history of drugs?
738 **Female Medical Staff 2:** Spice.
739 **Male Ambulance Staff 1:** [Inaudible]. Yeah, okay, are you guys, is everyone alright to help?
740 **Callum Tulley:** Yeah, of course.
741 **Male Ambulance Staff 1:** [Inaudible], top tail around the bed.
742 **Callum Tulley:** Sorry mate, can you repeat that?
743 **Male Ambulance Staff 1:** Yeah, so we'll pull him over this way, to me.
744 **Callum Tulley:** Yeah.

745 **Male Ambulance Staff 1:** And then we'll get a bed down there behind, and top tail
746 [inaudible] on the bed. There's no elegant way of doing it.
747 **Callum Tulley:** Sure, sure.
748 **Female Medical Staff 2:** Otherwise [inaudible].
749 **Callum Tulley:** Is he going to be sat on his back?
750 **Female Medical Staff 2:** Yes. That's the best way of doing it.
751 **Callum Tulley:** Where do I lift him up from? Okay. Yeah, let's go, sure, yeah.
752 [Officers and medical staff lift **D149** onto trolley bed]
753 **Female Medical Staff 2:** Do you want [inaudible] up a bit?
754 **Steve Loughton:** [Inaudible].
755 **Male Ambulance Staff 1:** What's that?
756 **Female Medical Staff 2:** He's just nearly walked into a sharp.
757 **Male Ambulance Staff 1:** [Inaudible].
758 **Female Medical Staff 2:** I had a sharp in my hand.
759 [Ambulance staff take **D149** out of the corridor]
760 [Inaudible cross-chatter]
761 **Callum Tulley:** [Inaudible], all right, fellas. Is this fellow discharged?
762 **Unknown Male Speaker 6:** Is there anyone in there? Waiting room [inaudible].
763 **Dan Small:** Let me have a look. Callum hold this door for me.
764 **Callum Tulley:** Yeah, no worries. Just don't -- we're just going to check if there are any
765 detainees in the way and then quickly - .
766 **Dan Small:** No.
767 **Callum Tulley:** No. What are you thinking Nath? Very funny Nathan. It's so unfair, these
768 donuts. Don't touch them. Ohhhhhh. Do you think I can jump on one of them. All right, I will.
769 Cheers mate.
770 **Male Manager 1:** Is there any risk [inaudible]? What's better for you?
771 **Male Ambulance Staff 1:** [Inaudible].
772 **Derek Murphy:** [Inaudible] paper clip [inaudible].
773 **Callum Tulley:** Paper clip.
774 **Male Manager 1:** Oh, you know, we've [inaudible].
775 **Male Officer 2:** [Inaudible].
776 **Callum Tulley:** No. Do you need a hand?
777 **Unknown Male Speaker 7:** [Inaudible] started.
778 **Male Ambulance Staff 1:** Are you alright to have someone in the truck [inaudible]
779 otherwise.
780 **Derek Murphy:** Pen?
781 **Male Manager 1:** Yeah [inaudible].
782 **Callum Tulley:** Pen.
783 **Derek Murphy:** Proper pen.
784 **Callum Tulley:** There you go, mate.
785 **Male Ambulance 1:** Have you got some documents that you can print out for me, the
786 details, anything you got on him?
787 **Male Manager 1:** I've got a picture.
788 **Male Ambulance Staff 1:** Have you got the names and [inaudible].
789 **Male Officer 2:** [Inaudible] names, date of birth [inaudible].
790 **Derek Murphy:** [Inaudible].

791 [Inaudible cross-chatter]
792 **Male Ambulance Staff 1:** All right, just enough to get him booked in [inaudible]. How long
793 has he been here with you guys? Has it been a while?
794 **Male Manager 1:** [Inaudible] months [inaudible].
795 **Male Ambulance Staff 1:** We've got [inaudible].
796 **Unknown Male Speaker 7:** [Inaudible].
797 **Male Ambulance Staff 1:** Yeah.
798 **Unknown Male Speaker 7:** [Inaudible].
799 **Male Manager 1:** What are you doing?
800 **Unknown Male Speaker 7:** Overseeing [inaudible].
801 **Male Manager 1:** Oh now you're overseeing, are you?
802 **Unknown Male Speaker 7:** Where do you think I've been?
803 **Derek Murphy:** Okay. What time you want me to [inaudible]?
804 **Male Ambulance Staff 1:** [Inaudible], but once we are in the back [inaudible].
805 **Derek Murphy:** Okay.
806 **Callum Tulley:** I'm going on my break. Oh, God no, I need to go up to visits, back to visits.
807 **Male Manager 1:** Watch out, watch out.

815 **Callum Tulley:** [D149] the Kosovian detainee, very small, the one who tried to take my
816 keys, do you remember? Very small guy, who speaks a bit like a road man. He was just --
817 **Male Officer 1:** Oh, I know who you mean.
818 **Callum Tulley:** Small, short, small guy.
819 **Male Officer 1:** Yeah, he was in the block.
820 **Callum Tulley:** Very shy, he just [inaudible].
821 **Male Officer 1:** Yeah.
822 **Callum Tulley:** I don't know, he was just gone. [Inaudible] don't really know how to describe
823 it, he was just -- you know, when you see someone on spice and they just like, they fit
824 obviously and then they come round. But you know you see those -- sometimes you see
825 those people that are just like possessed, just like a man possessed he was like. I don't know
826 what was going on.
827 **Male Officer 1:** Was he unconscious?
828 **Callum Tulley:** He was, he was, he -- his behaviour like sort of covered the whole spectrum
829 of people's reactions to spice. So sometimes he was like fitting, like manically, like manically
830 fitting, other times he was just unconscious and not really -- being unresponsive. Other times
831 he was just screaming, like he was awake and screaming. He was sick, he was frothing at the
832 mouth, he was -- I can't really name like any spice attack symptoms that you wouldn't see
833 from him, do you know what I mean?
834 **Male Officer 1:** And he is the only one? I heard three [inaudible].
835 **Callum Tulley:** There was, there was, [D313] do you know [D313] the [Sensitive/Irrelevant] guy?
836 **Male Officer 1:** Yeah. Yeah, yeah.
837 **Callum Tulley:** The [Sensitive/Irrelevant] He was like, he was stumbling around the place and he
838 got taken to -- he wasn't, he wasn't, he wasn't having a spice attack like [D149] was. He was
839 just, he was just stumbled to E-Wing really quickly. It was just about -- he was just like -- as
840 if he was rushing, as if he had just snorted a load of Miaow or something, and he got
841 searched. And then there's this other guy, this guy come from Columbia, and he was like --
842 he just appeared, I don't even know if he was on spice, he just looked well drunk or well
843 stoned, I don't know which one. But he went to E wing as well, because he was losing his
844 balance and that, but the main focus was on [D149] and the NHS came and the paramedics,
845 paramedics came and put a defibrillator, I think they put a defibrillator on him. I don't know
846 what these things are, but they stuck two things on him, I think.
847 **Male Officer 1:** Yeah.
848 **Callum Tulley:** Yeah. I think so anyway.
849 **Male Officer 1:** Did they use it?
850 **Callum Tulley:** Actually, I don't know if they used it. I'm just trying to remember. They
851 injected something into him, that's for sure. Injected something into him, I don't know what
852 and then he was wheeled out on the stretcher, and then I just seen him go out the window
853 now on the ambulance. How are they getting in?
854 **Male Officer 1:** Waste of fucking resources.
855 **Callum Tulley:** What do you mean?
856 **Male Officer 1:** You know how much is it going to fucking cost for them to come here, to
857 have treatment on the NHS, hospital. When they could have gone to someone else waiting for

858 an ambulance now, and yes it adds up, it's a knock on effect innit. Another one in the queue
859 for A&E, another bed, I don't know.
860 **Callum Tulley:** What do you think the answer is?
861 **Male Officer 1:** Unfortunately, that's how it is. [Inaudible] it's all money.
862 **Callum Tulley:** So how did you -- how do you reckon it's getting in?
863 **Male Officer 1:** What do you reckon?
864 **Callum Tulley:** I don't know.
865 **Male Officer 1:** Visits.
866 **Callum Tulley:** We're just sitting here now watching these guys, and like the cameras are so
867 well-positioned, and the checks, the patrols you do within visits are so regular. I find it hard
868 to believe that obviously, some will slip through, but I find it hard to believe that just the
869 scale, just the sheer amount that's getting through is coming from visits.
870 **Male Officer 1:** Officer?
871 **Callum Tulley:** I don't know, if I knew that, if I knew the answer to that question.
872 **Male Officer 1:** I'm bored as fuck. I'm hungry, you know.
873 **Callum Tulley:** Yeah, you can say, do you want to go and get some? If you wanna stretch
874 your legs if you want to [inaudible], I don't want it. You might not even want it yourself
875 [inaudible].
